

The 2013 CL-Class

Mercedes-Benz
The best or nothing.

CL 63 AMG Coupe.

Dominant yet graceful, the Mercedes-Benz CL-Class is an absolute triumph of engineering, innovation and design. With legendary craftsmanship and unparalleled performance, the CL-Class sets the bar on how a sophisticated sports coupe should be, period.

The crossroad of passion and precision.

Every design detail of the 2013 CL-Class comes together perfectly. Linked by the powerful arch of the roof, the front and rear pillars join to form a characteristic and seductive roofline. The muscular contours of the side fenders and distinctive arched shoulder beautifully help to complete the package. The result: timeless styling that is as dynamic as the power within.

Exterior power folding mirrors provide convenient control while parking or manoeuvring in tight spaces.

CL 550 4MATIC™ Coupe.

Distinctive luxurious character.

Charismatic and distinctive the 2013 CL-Class Coupe features a contoured hood, radiator grille with chrome detailing and characteristic front headlamps that exemplify traditional luxury. The CL-Class provides all the particulars one would desire.

CL 550 4MATIC™ Coupe.

Unmistakably unique.

The CL-Class Coupe embodies the traditional luxurious Mercedes-Benz attributes of exceptional design and engineering in a unique coupe. The exterior beauty and formidable power lie in wait for only the privileged few who are fortunate enough to call it theirs.

CL 550 4MATIC™ Coupe.

CL 600 Coupe.

CL 550 4MATIC™ Coupe interior.

Pleasure. An engineering principle.

Feeling good is an exact science. Like a bespoke suit, the interior of the CL-Class is tailored to meet and surpass the greatest of desires. With a vast selection of materials to customize, including leather and wood trim, every detail of the CL-Class is coordinated to perfection, leaving you with a unique interior guaranteed to take your breath away.

Ambient lighting adorns the interior with polar, solar and neutral colour options.

CL 63 AMG Coupe.

Remarkably sophisticated, surprisingly simple.

The CL-Class combines audio, telephone and navigation functions via the COMAND APS control system. An 8" colour screen situated conveniently within the vehicle's dash provides detailed vehicle and navigation information and is controlled through a discreet multifunction controller in the front centre armrest. Additional control is offered through the LINGUATRONIC voice control system allowing the flexibility of hands free calling.

With 600 watts of power and 14 speakers, the CL-Class provides impressive entertainment. The show will certainly begin with the harman/kardon® LOGIC7® surround sound system featuring unparalleled sound quality. Audio capabilities are further enhanced with the SD card slot for reading and transferring up to 7GB of MP3s. For added enjoyment and safety, the MP3-compatible 6-disc, single slot DVD changer (including all control buttons) is perfectly positioned beneath a convenient, one-touch-opening cover on the dashboard console.

Integrated into your vehicle's audio system, SiriusXM is standard and includes a 6 month complimentary subscription¹ featuring over 120 channels of the best in audio entertainment. Get 100% commercial-free music from every genre, plus sports, news, talk and comedy – all with crystal-clear, coast-to-coast coverage.

¹Complimentary service is comprised of a SIRIUS package for a duration of 6 months. Monthly subscription required for service thereafter. ©2012 SiriusXM Canada Inc. "SiriusXM", the SiriusXM logo, channel names and logos are trademarks of SiriusXM Radio Inc. and are used under licence.

Increased adrenaline. Reduced emissions.

At Mercedes-Benz, we don't believe in compromise. Our BlueEFFICIENCY philosophy ensures that environmental responsibility plays a major role in all we do. We adhere to this at all levels of vehicle development and production – and therefore take a comprehensive approach to all the potential factors relating to drive systems, lightweight construction, energy management and fuels. This all-round approach also includes aspects such as total emissions, choice of materials, development, production, use and servicing, right up to eventual vehicle recycling and disposal.

Grabs the road as easily as it does attention.

With our award-winning 4MATIC™ permanent all-wheel-drive system delivering optimal traction regardless of road conditions, the CL-Class knows no boundaries. 4MATIC™ incorporates the 4-wheel Electronic Traction System (4ETS), monitoring each wheel for slippage and individually braking wheels to maintain the balance of power. By continuously ensuring that power is transferred to the wheels with grip, 4MATIC™ will keep you going, even if only one wheel has traction. The CL 550 4MATIC™ Coupe delivers the outstanding control of all-wheel drive without sacrificing true sport-coupe driving enjoyment.

CL 550 4MATIC™ Coupe.

Even power and control are sophisticated.

The 4.6 L Bi-turbo V8 engine in the CL 550 4MATIC™ Coupe produces 429 hp and 516 lb-ft of torque resulting in performance of 0 to 100 km/h in 4.9 seconds. The Bi-turbo V12 engine in the CL 600 Coupe – one of the world's most powerful production car engines – produces 510 hp and a staggering 612 lb-ft of torque. From a standstill, 100 km/h is reached in a quick 4.6 seconds.

Both of these muscular powerhouses are balanced by transmissions of equal intelligence. The CL 550 4MATIC™ Coupe operates swiftly with the 7G-TRONIC PLUS automatic transmission as standard equipment making for smoother cruising, more responsive acceleration and even improved fuel efficiency. The CL 600 Coupe is fitted with a 5-speed automatic transmission with driver-adaptive technology that will analyze and learn driving patterns and adjusts its shift points accordingly.

To elevate ride smoothness and comfort, the CL-Class features self-levelling AIRMATIC air suspension¹ to help keep ride height constant at all times. For even more driving pleasure, the Adaptive Damping System (ADS) allows you to adjust suspension firmness at the touch of a button. And in the CL 600 Coupe, CL 63 AMG Coupe and CL 65 AMG, Active Body Control² (ABC) – one of the industry's most advanced suspension systems – virtually eliminates body roll during cornering.

4.6 L Bi-turbo V8 engine.

¹Standard on the CL 550 4MATIC™ Coupe. Not available on the CL 600 Coupe, CL 63 AMG Coupe and CL 65 AMG Coupe.

²Not available on the CL 550 4MATIC™ Coupe. Standard on the CL 600 Coupe, CL 63 AMG Coupe and the CL 65 AMG Coupe.

The Adaptive Damping System (ADS) allows for quick adjustments of the suspension to accommodate driving style.

Technology that expects the unexpected.

From vehicle motion, stability, braking, to even lighting; sensors and programs work together to monitor the CL-Class and adjust as needed to provide ultimate protection against danger.¹

In the urgent moments just after an accident, our built-in technology even helps aid rescue efforts. Following a collision, our intelligent system automatically carries out a range of safety measures: the engine shuts off and hazard signals and emergency interior lighting switch on, the side windows are partially lowered and the doors are unlocked.

Mercedes-Benz understands that when it comes to safety, time is of the essence.

PRE-SAFE® will automatically activate critical safety functions seconds prior to an accident to ensure maximum protection.

Night View Assist utilizes infrared technology to assist during night time driving.

¹No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Best performance in snow is obtained with winter tires.

The energy-absorbing crumple zones in the front and rear sections, an extremely robust safety passenger cell, and the doors with special reinforcing elements form an effective defensive barrier in an emergency.

The car Formula One drivers drive to work.

For the ultimate in performance, the CL-Class is also offered in two unique and powerful AMG models.

The CL 63 AMG Coupe boasts the AMG 5.5 L Bi-turbo V8 engine with 563 hp and 664 lb-ft of torque. This engineering masterpiece produces more horsepower and torque over the out-going engine while reducing emissions and achieving approximately a 10% increase in fuel efficiency. Combined with the

AMG SPEEDSHIFT MCT 7-speed sports transmission, the CL 63 AMG Coupe offers a choice of four different shift modes.

The CL 65 AMG Coupe houses the AMG 6.0 L V12 Bi-turbo engine that delivers a staggering 621 hp and 738 lb-ft of torque. A 5-speed automatic transmission with AMG SPEEDSHIFT enhancements supports quick and efficient gear changes.

Each AMG model also incorporates unique exterior and interior styling features, including special leather and detailing, two chromed dual tailpipes, a front apron with enlarged air intakes, side skirts, a rear apron and AMG 20" 5 twin-spoke alloy wheels with staggered performance tires.¹

AMG 5.5 L Bi-turbo V8 engine.

The AMG SPEEDSHIFT MCT 7-speed sports transmission.

¹Not recommended for winter use.

CL 63 AMG Coupe.

The ultimate designer is you.

The finishing touches can mean the difference between a work of art and a true masterpiece. Whichever colour you opt for, you’ve made the right choice. Because with a selection of both solid and metallic paint finishes benefitting from an extra scratch-resistant clear coat, your CL-Class colour is less susceptible not only to scratches, but also to sunlight, temperature variations, dust and soot.

As individual as you are.

designo offers a true feast for the senses. Once your eyes have taken in the many bespoke paint finishes and the leather combinations, you'll savour the scent of the fine leather and the touch of the exquisite wood surfaces. But it's not just the quality and workmanship that make *designo* so unique: it's also the almost infinite range of combinations. They allow you to give your Mercedes-Benz a signature all its own – as if you were furnishing your home.

The seats and door centre panels can be trimmed in *designo* leather in a myriad of shades. The unique upholstery fluting, with elaborately stitched double lap seams, is exclusive to *designo*. Rich alcantara headliners are also available.

Fine craftsmanship ensures exceptional luxury and quality.

Exclusive appointments provide an unmatched interior character.

The CL-Class interior adorned in designo leather upholstery.

Make the most of your CL-Class.

Beyond our legendary standard features and attractive options is an array of practical and elegant accessories. Mercedes-Benz Genuine Accessories offer finishing touches that refine the power, style and convenience of your CL-Class. From uniquely styled alloy wheels to handy roof rack options, we've got you covered.

Car Cover

This custom designed car cover will help protect your CL-Class from the elements while it is not in use.

Trunk Tray

Help protect the cargo area of your CL-Class with this custom fitted trunk tray. Formed from durable, easy-to-clean plastic to fit your vehicle.

20" Two-Tone 10 Split-Spoke Wheels

Personalize your CL-Class with these unique black and polished wheels. They are sure to make a statement wherever your journey takes you.

20" "ALARAPH" 10-Spoke Alloy Wheel

Mercedes-Benz Genuine alloy wheels combine state of the art technology with a breathtaking style. All are designed to meet the highest standards for strength, durability and safety.

A passion for things done right.

A passion for craftsmanship and attention to detail – it’s what you’d expect from Mercedes-Benz, setting us apart from all other manufacturers. It drives us to set new standards in design, performance, comfort and safety. To continually build on the legendary traditions of Mercedes-Benz, and to provide you with an ownership experience that includes the valuable benefits described below.

24-hour Roadside Assistance

During the basic warranty coverage of 48 months and the time duration of the optional Extended Limited Warranty, Mercedes-Benz Roadside Assistance will be at your service. We'll bring you some gas, replace a flat tire with your spare, or jumpstart your car. In the event of a mechanical breakdown, if attempts by our Roadside Assistance technician have not made your vehicle safely operable, towing service will be provided to the nearest Mercedes-Benz dealership. Assistance is available 24 hours a day, every day, to anyone driving a Mercedes-Benz anywhere in Canada or the continental U.S.¹

Wear and tear period

The following parts listed are covered for wear and tear during the first 24 months or 40,000 km, whichever comes first. Brake pads, brake discs, brake pad wear sensors and light bulbs.

Mercedes-Benz warranties

The Mercedes-Benz New Vehicle Limited Warranty covers defects in materials or workmanship for 48 months or 80,000 km, whichever comes first. To widen your window of confidence, you can opt for a Mercedes-Benz Extended Limited Warranty as well.²

Customer service

Owning a Mercedes-Benz means that when you have a question, we’re here to help. Customer Service is open from 9 a.m. to 5 p.m. EST, Monday through Friday, and is staffed with knowledgeable Mercedes-Benz experts who can talk you through the finer points of working your car’s audio system – or even assist you in locating the nearest Mercedes-Benz dealership. Just call 1-800-387-0100. It’s that simple.

Trip interruption reimbursement

If a breakdown covered by your New Vehicle Limited Warranty or optional

Extended Limited Warranty occurs more than 80 km from your home, leaves your Mercedes-Benz vehicle inoperable or unsafe to drive, and requires overnight repairs, we’ve got you covered. You will be reimbursed up to \$500 for hotel accommodations and up to \$600 for alternative travel expenses per incident while your car is being repaired at an authorized Mercedes-Benz dealership.

¹Vehicle must be accessible from main roads. Roadside Assistance may involve charges for parts, service and towing. Depending on the circumstances, these services may be provided by an outside service provider, courtesy of Mercedes-Benz Roadside Assistance. For full details of the Roadside Assistance Program, please see your dealer. ²Please see your dealer for warranty details as well as for terms, conditions and pricing for extended warranty options.

Mercedes-Benz is virtually yours.

Visit mercedes-benz.ca and open an online window to Mercedes-Benz Canada. Revel in the incredible photography of our vehicles and get a visceral impression of what it would be like to see yourself behind the wheel. Access information about any of our vehicles, including financing and leasing options, upcoming models, and configure your dream Mercedes online. Our website also offers details about the Mercedes-Benz Extended Limited Warranty, vehicle ownership, and much more on the fascinating story behind one of the world's most recognizable brands.

To be continued. With a test drive.

Nowhere is your CL-Class so convincing as on the road. It's only there that you can fully experience the superior handling and power that make this car so special. Feel the engine move you forward, and watch your heart rate rise with the speedometer. That unique feeling in your stomach cannot be put down on paper. That's why we would like to invite you in for a test drive at your local Mercedes-Benz dealer. Reserve your appointment today, or visit mercedes-benz.ca. We look forward to seeing you.
