

The 2013 E-Class

SEDAN AND WAGON

Mercedes-Benz
The best or nothing.

E 550 4MATIC™ Sedan.

Mercedes-Benz; in one letter.

For over 60 years, the E-Class has been synonymous with comfort, safety and elegance. Built without compromise and complemented with modern appointments, the 2013 E-Class provides further distinction to proven excellence.

E 550 4MATIC™ Sedan.

The picture of elite engineering.

The presence and appeal of the E-Class Sedan are instantly apparent to the observer, as they display a sense of self-assurance that is perfectly in keeping with its long history of pre-eminence.

The striking exterior of the E-Class Sedan includes AMG styling¹ featuring a dynamic front and rear apron with powerful side sill panels. Further to that, the addition of the straight bar LED daytime running lights and panoramic sunroof² leaves no doubt that the 2013 E-Class embraces all the characteristics of a genuine Mercedes-Benz.

¹Only available as part of an option package on the E 300 4MATIC™ Sedan. Standard on all other models. ²Standard on the E 550 4MATIC™ Sedan and E 63 AMG Sedan and Wagon. Available as part of an option package on the E 350 BlueTEC Sedan and E 350 4MATIC™ Sedan and Wagon. Not available on the E 300 4MATIC™ Sedan.

E 300 4MATIC™ Sedan.

A remarkable introduction.

The E 300 4MATIC™ Sedan has few rivals. 17" 5 twin-spoke wheels as well as the optional Premium, Sport, Entertainment and Driving assistance packages provide the added convenience and luxury characteristic of a Mercedes-Benz. Style and substance resound in this elegantly designed Sedan.

At home on the road.

The use of the finest-grade materials and outstanding workmanship create a high-quality impression, both in look and feel. A standard Leather interior¹ and Dark Ash wood trim ensure exceptional splendor while the Media interface² connections and instrument cluster design allow for ease of interior instrument functionality.

¹Available on the E 300 4MATIC™ Sedan as a standalone option. ²Standard on the E 550 4MATIC™ Sedan and E 63 AMG Sedan and Wagon. Available as part of an option package on the E 300 4MATIC™ Sedan, E 350 BlueTEC Sedan and E 350 4MATIC™ Sedan and Wagon.

E 550 4MATIC™ Sedan interior.

Astounding form.

A tasteful blend of different worlds defines the E-Class Wagon. It features a modern and functional aerodynamic design, supported by standard AMG styling, roof rails, benchmark-setting storage capacity and cargo dimensions, plus all the technical innovations of the E-Class Sedan – like the straight-bar design LED daytime running lights and the LED-lit licence plate. Which means you can appreciate the style and elegance of a sedan combined with the high utility value of a wagon.

E 350 4MATIC™ Wagon.

E 350 4MATIC™ Wagon interior.

Bountiful luxury.

The E-Class Wagon comes with plenty of storage space and intelligent solutions such as the EASY-PACK load compartment management system making loading and unloading that much easier. Fine attention to detail and modern design adorn the interior with a standard ARTICO leather dashboard and leather upholstery as well as a panoramic sunroof.¹ And, an intuitive Media interface¹ puts control confidently at your fingertips.

¹Available as part of an option package on the E 350 4MATIC™ Wagon.

You will be entertained.

All cockpit controls are visible at a single glance thanks to the multi-functional COMAND 7" colour LCD display screen in the centre console. Navigation, audio and telephone are combined into one intuitive design with the COMAND APS control and display system, equipped with an integrated hard-disc drive (HDD) navigation and 6-disc DVD changer¹. Even better, all key functions can be called up using the LINGUATRONIC voice control function with whole-word recognition capability.

The premium harman/kardon® LOGIC7® surround sound system², featuring 14 loudspeakers, 450 watts of power and a 9-channel Digital Sound Processing (DSP) amplifier lets you hear your favourite music with stunning clarity and depth. Additionally, the Media interface¹, which gives you 3 different connection cables – one for your iPod®, a USB input for memory sticks and the auxiliary audio input, provides versatility and control while driving.

SiriusXM is standard and includes a 6 month complimentary subscription³ featuring over a 120 channels of the best in audio entertainment. Get 100% commercial-free music from every genre, plus sports, news, talk and comedy – all with crystal-clear, coast-to-coast coverage.

¹Available as part of an option package on the E 300 4MATIC™ Sedan, E 350 BlueTEC Sedan and E 350 4MATIC™ Sedan and Wagon. Standard on the E 550 4MATIC™ Sedan and E 63 AMG Sedan and Wagon. ²Available as part of an option package on the E 300 4MATIC™ Sedan, E 350 BlueTEC Sedan, E 350 4MATIC™ Sedan and Wagon, and the E 550 4MATIC™ Sedan. Standard on the E 63 AMG Sedan and Wagon. ³Complimentary service is comprised of a SIRIUS package. Monthly subscription required for service thereafter. © 2012 Sirius XM Canada Inc. E 550 4MATIC™ Sedan interior.

Increased adrenaline. Reduced emissions.

Performance meets fuel economy. Luxury meets responsibility. At Mercedes-Benz, we don't believe in compromise. This is no exception: our BlueEFFICIENCY platform ensures that when we develop a new model, environmental responsibility plays a major role. We do this at all levels of our vehicle development and production – and therefore take a comprehensive approach to all the potential factors relating to drive systems, lightweight construction, energy management and fuels. This all-round approach also includes aspects such as the total harmful emissions, choice of materials, development, production, use and servicing, right up to eventual vehicle recycling and disposal. The world's awareness is increasing as emissions, fuel consumption and fuel prices become topics that affect us all. For Mercedes-Benz it is both a corporate goal and an obligation to shape the future of mobility in a responsible and sustainable manner.

Owens the road as easily as it does attention.

With our award-winning 4MATIC™ permanent all-wheel drive system delivering optimal traction regardless of road conditions, the E-Class knows no boundaries. 4MATIC™ incorporates the 4-wheel Electronic Traction System (4ETS), monitoring each wheel for slippage and individually braking wheels to maintain the balance of power. By continuously ensuring that power is transferred to the wheels with grip, 4MATIC™ will keep you going, even if only one wheel has traction.

4MATIC™ delivers the outstanding control of all-wheel drive without sacrificing true driving enjoyment. Sharp steering and the balanced feel of a rear-wheel drive vehicle are retained making the E-Class a joy to drive in any season.

4MATIC™, equipped on the E 300 Sedan, E 350 Sedan and Wagon and the E 550 Sedan.

Fast forward.

The E 300 4MATIC™ Sedan offers 248 hp and 251 lb-ft of torque by way of a 3.5 L direct injection V6 engine.

Both the E 350 4MATIC™ Sedan and Wagon have a 3.5 L direct injection V6 engine that produces 302 hp and 273 lb-ft of torque, giving you plenty of power to get the most out of everyday driving. Performance goes a step further on the E 550 4MATIC™ Sedan with a 4.6 L Bi-turbo V8 engine with 402 hp and 443 lb-ft of torque.

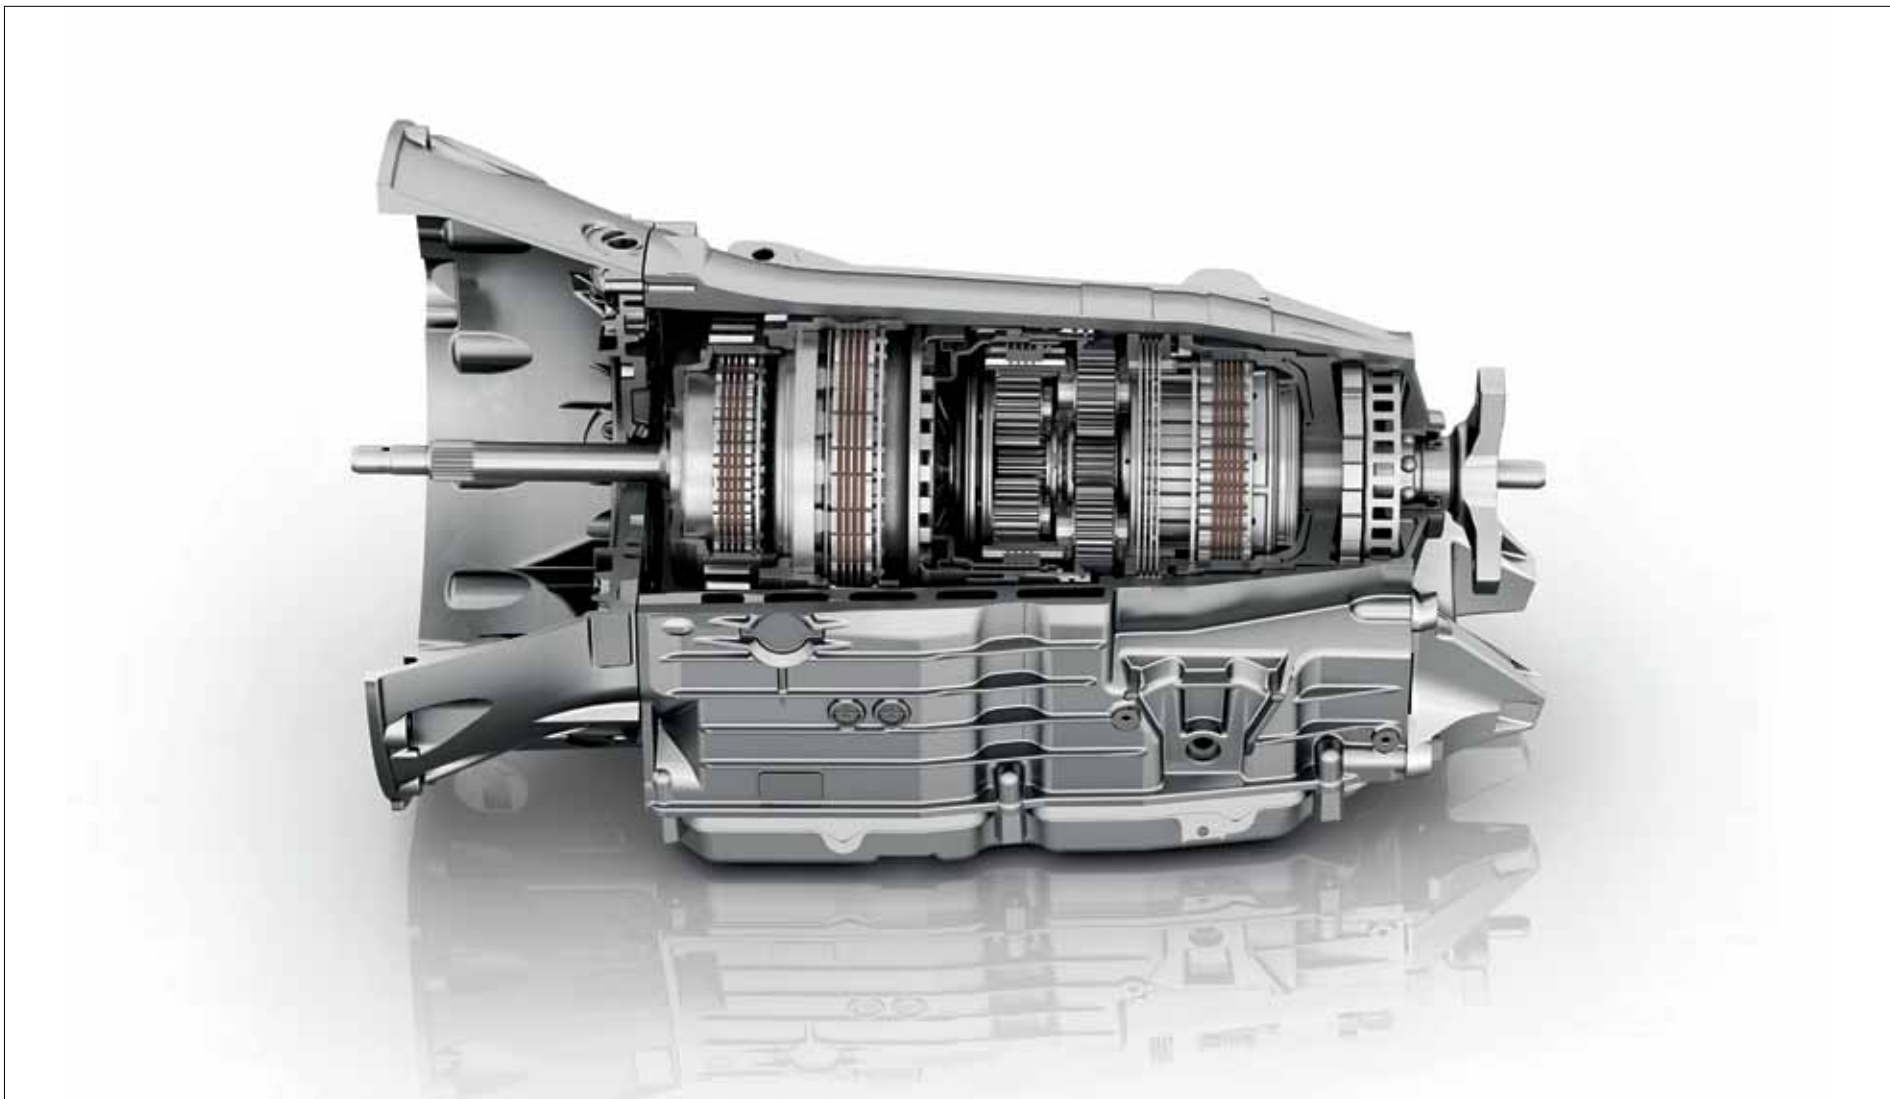

3.5 L direct-injection V6.

E 350 4MATIC™ Wagon.

The 7G-TRONIC PLUS automatic transmission; one of over 18 million automatic transmissions produced in a period spanning more than 50 years.

Optimum power and performance.

The revised programming of the E-Class Sedan and Wagon's 7G-TRONIC PLUS automatic transmission provides the optimum engine speed for all shifts. Shift paddles on the steering wheel allow the driver to manually change gears with outmost ease, for a sublime driving experience in any situation.

Available as part of an option package on the E 300 4MATIC™ Sedan. ³Standard on the E 550 4MATIC™ Sedan. Available as a standalone option on all E 350 models. ⁴Standard on the E 63 AMG Sedan and Wagon. Not available on all other models. ⁵Available as a standalone option on the E 63 AMG Sedan and Wagon. Not available on all other models.

The energy-absorbing crumple zones in the front and rear sections, an extremely robust safety passenger cell, and the doors with special reinforcing elements form an effective defensive barrier in an emergency.

Take a hard line on safety.

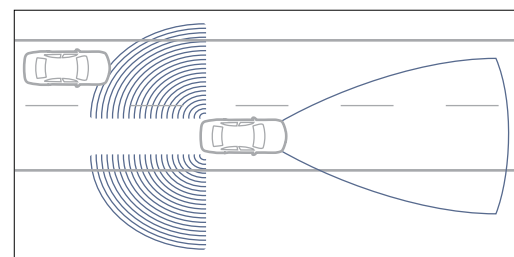

Over 80 sensors make it their job to see to your well being, while countless innovations give you a reassuring feeling of safety.

ATTENTION ASSIST monitors driving style and warns of habits indicative of a fatigued driver through a series of vibrations in the steering wheel. Passive Lane Keeping Assist¹ alerts the driver should the vehicle drift out of its designated lane and Passive Blind Spot Assist¹ monitors the blind spot, providing an audible warning should an unsafe lane change be detected. Active Blind Spot Assist² and Active Lane Keeping Assist² will provide further assistance by gently applying the brakes to bring the vehicle back into the appropriate lane if wandering is detected or the potential for a collision detected.

DISTRONIC PLUS² including PRE-SAFE[®] BRAKE provides further safety enhancements by automatically applying the brakes should the driver fail to respond to an impending collision. PRE-SAFE[®] will automatically optimize the interior cabin to ensure all occupants and conditions are ideal should a collision be unavoidable. Reacting in seconds, PRE-SAFE[®] will pull seatbelts tight, position all seats in the upright position and close the windows. Even after a collision, PRE-SAFE[®] will continue to work by shutting off the fuel supply to the engine as well as opening the windows for ventilation. Emergency services will also be automatically dispatched.

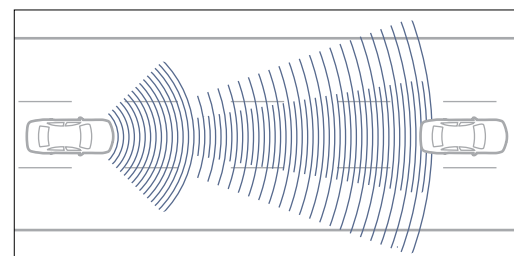

ATTENTION ASSIST will detect signs of drowsiness by analyzing driving behavior typical of a fatigued driver. A visual warning will then alert the driver advising him to rest.

Passive Blind Spot Assist alerts the driver if it identifies a risk of a collision while the vehicle is changing lanes.

Utilizing radar technology, Night view assist provides a clear view of the road ahead when driving at night or in dark conditions.

DISTRONIC PLUS reduces the chance of rear end collisions by automatically braking in the event of danger.

¹Available as part of an option package on the E 300 4MATIC[™] Sedan, E 350 4MATIC[™] Sedan and Wagon, E 350 BlueTEC Sedan and the E 550 4MATIC[™] Sedan. Standard on the E 63 AMG Sedan and Wagon. ²Not available on the E 300 4MATIC[™] Sedan. Available as part of an option package on all other models.

///AMG

Four-door sedan. Four-star performance.

The most powerful E-Class comes courtesy of the Mercedes-Benz AMG motor sport experts. The E 63 AMG Sedan with 518 hp accelerates from 0 to 100 km/h in just 4.3 seconds. Four shift programs provide a choice between Controlled Efficiency, Sport or Sport Plus mode, as well as a manual mode that allows gear changes using AMG shift paddles mounted to the steering wheel.

E 63 AMG Sedan.

Every AMG engine is signed in steel by the technician who hand built it. "One man – one engine": the philosophy at the heart of every AMG engine.

Raise your pulse.

In the exclusive interior of the E 63 AMG Sedan, high-quality AMG PASSION leather appointments await. An ergonomic AMG sport steering wheel provides superior comfort and exceptional control while AMG sport seats ensure a comfortable sport driving experience.

AMG sport steering wheel.

Fine luxurious detailing blends with a sporty interior.

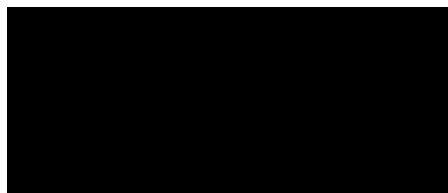

Dressed for the occasion.

The finishing touches can mean the difference between a work of art and a true masterpiece. Whichever colour you opt for, you’ve made the right choice. Because with a selection of paint finishes benefitting from an extra scratch-resistant clear coat, your E-Class is less susceptible not only to scratches, but also to sunlight, temperature variations, dust and soot.

The final touch for a great first impression.

You're an individual. You take pride in setting yourself apart. You also enjoy the finer things in life. Satisfy all of your discerning needs with Mercedes-Benz GenuineParts and accessories, designed and manufactured to the highest standards for design, engineering, appearance, quality, form and function. Add nuance and unique refinement to your E-Class Sedan or Wagon. It's an ideal way to add your own distinctive style to an already stunning automobile.

Trunk Cargo Tray

This shallow trunk tray with its slightly raised edge is precision-tailored to the load area. Made from impact-resistant, non-split polypropylene it will help to protect the load area from dirt and spills (Optional cargo container shown sold separately).

Lockable Utility Bar (2 piece set)

Our basic carrier is an essential component for attaching a wide assortment of items to the top of your E-Class. Securely attach and lock bicycle racks, ski and snowboard racks, or a cargo container. (Racks and containers sold separately).

Lighted Door Sill Panels

These stainless steel illuminated door sill panels provide a highlight to your E-Class illuminating the Mercedes-Benz lettering every time you open the door.

Chrome Handle Cups

High-shine chromed door handle recesses protect against scratches and distinguish your E-Class.

A passion for things done right.

A passion for craftsmanship and attention to detail – it’s what you’d expect from Mercedes-Benz, setting us apart from all other manufacturers. It drives us to set new standards in design, performance, comfort and safety. To continually build on the legendary traditions of Mercedes-Benz, and to provide you with an ownership experience that includes the valuable benefits described below.

24-hour Roadside Assistance

During the basic warranty coverage of 48 months and the time duration of the optional Extended Limited Warranty, Mercedes-Benz Roadside Assistance will be at your service. We'll bring you some gas, replace a flat tire with your spare, or jumpstart your car. In the event of a mechanical breakdown, if attempts by our Roadside Assistance technician have not made your vehicle safely operable, towing service will be provided to the nearest Mercedes-Benz dealership. Assistance is available 24 hours a day, every day, to anyone driving a Mercedes-Benz anywhere in Canada or the continental U.S.¹

Wear and tear period

The following parts listed are covered for wear and tear during the first 24 months or 40,000 km, whichever comes first. Brake pads, brake discs, brake pad wear sensors and light bulbs.

Mercedes-Benz warranties

The Mercedes-Benz New Vehicle Limited Warranty covers defects in materials or workmanship for 48 months or 80,000 km, whichever comes first. To widen your window of confidence, you can opt for a Mercedes-Benz Extended Limited Warranty as well.²

Customer service

Owning a Mercedes-Benz means that when you have a question, we’re here to help. Customer Service is open from 9 a.m. to 5 p.m. EST, Monday through Friday, and is staffed with knowledgeable Mercedes-Benz experts who can talk you through the finer points of working your car’s audio system – or even assist you in locating the nearest Mercedes-Benz dealership. Just call 1-800-387-0100. It’s that simple.

Trip interruption reimbursement

If a breakdown covered by your New Vehicle Limited Warranty or optional

Extended Limited Warranty occurs more than 80 km from your home, leaves your Mercedes-Benz vehicle inoperable or unsafe to drive, and requires overnight repairs, we’ve got you covered. You will be reimbursed up to \$500 for hotel accommodations and up to \$600 for alternative travel expenses per incident while your car is being repaired at an authorized Mercedes-Benz dealership.

¹Vehicle must be accessible from main roads. Roadside Assistance may involve charges for parts, service and towing. Depending on the circumstances, these services may be provided by an outside service provider, courtesy of Mercedes-Benz Roadside Assistance. For full details of the Roadside Assistance Program, please see your dealer. ²Please see your dealer for warranty details as well as for terms, conditions and pricing for extended warranty options.

Mercedes-Benz is virtually yours.

Visit **mercedes-benz.ca** and open an online window to Mercedes-Benz Canada. Revel in the incredible photography of our vehicles and get a visceral impression of what it would be like to see yourself behind the wheel. Access information about any of our vehicles, including financing and leasing options, upcoming models, and configure your dream Mercedes online. Our website also offers details about the Mercedes-Benz Extended Limited Warranty, vehicle ownership, and much more on the fascinating story behind one of the world's most recognizable brands.

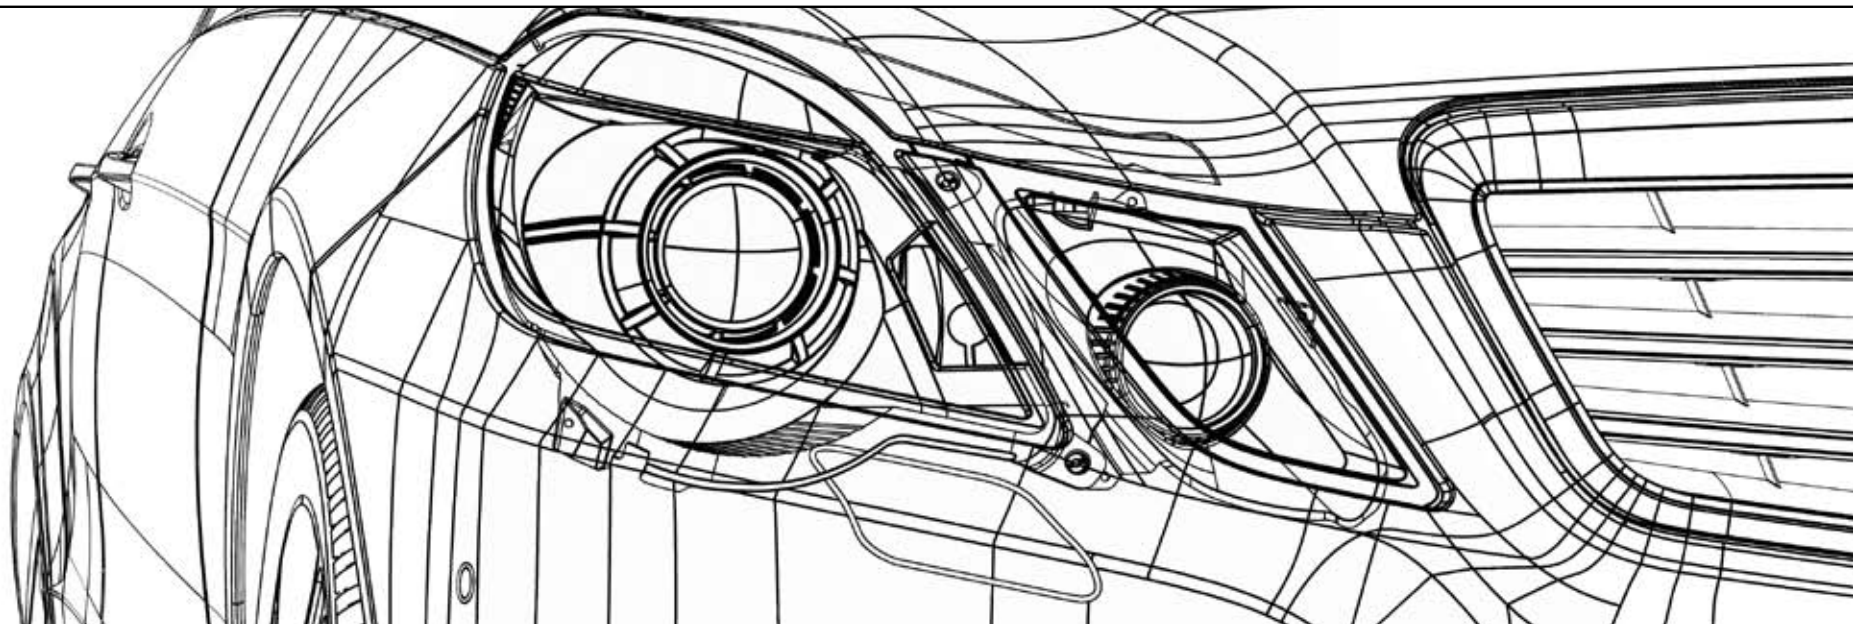

To be continued. With a test drive.

Nowhere is a Mercedes-Benz so convincing as on the road. It's only there that you can fully experience the superior handling and power that makes this car so special. Feel the engine move you forward, and watch your heart rate rise with the speedometer. That unique feeling in your stomach cannot be put down on paper. That's why we would like to invite you in for a test drive at your local Mercedes-Benz dealer. Reserve your appointment today, or visit **mercedes-benz.ca**. We look forward to seeing you.
