

The All-New 2013 GL-Class

Mercedes-Benz

The all-new 2013 GL-Class provides luxurious comfort and an expressive design characteristic only of a Mercedes-Benz. Active and passive-safety equipment including innovative driver assistance systems coupled with a spacious and lavish interior resound to create true serenity.

Evolved elegance.

The all-new 2013 GL-Class is an expression of superior exterior design. Chrome trim, including a large simulated underguard shines brilliantly while accentuating a powerful and dominant character. All-new active Bi-Xenon headlamps with LED indicators and fibre-optic technology provide a modern sophistication that resounds in luxurious detail, while a robust radiator grille with central star and two lamellas pays tribute to a rich heritage of expressive design.

The 2013 GL-Class demands attention.

GL 550 4MATIC™.

Turn heads.

Beauty is in the details and the all-new 2013 GL-Class certainly offers plenty. All-new two piece LED taillamps with red C-shaped fibre optic elements, an all-new rear bumper and beautiful chrome roof rails, window surrounds and a chrome trimmed high belt line ensure a lasting gaze from onlookers.

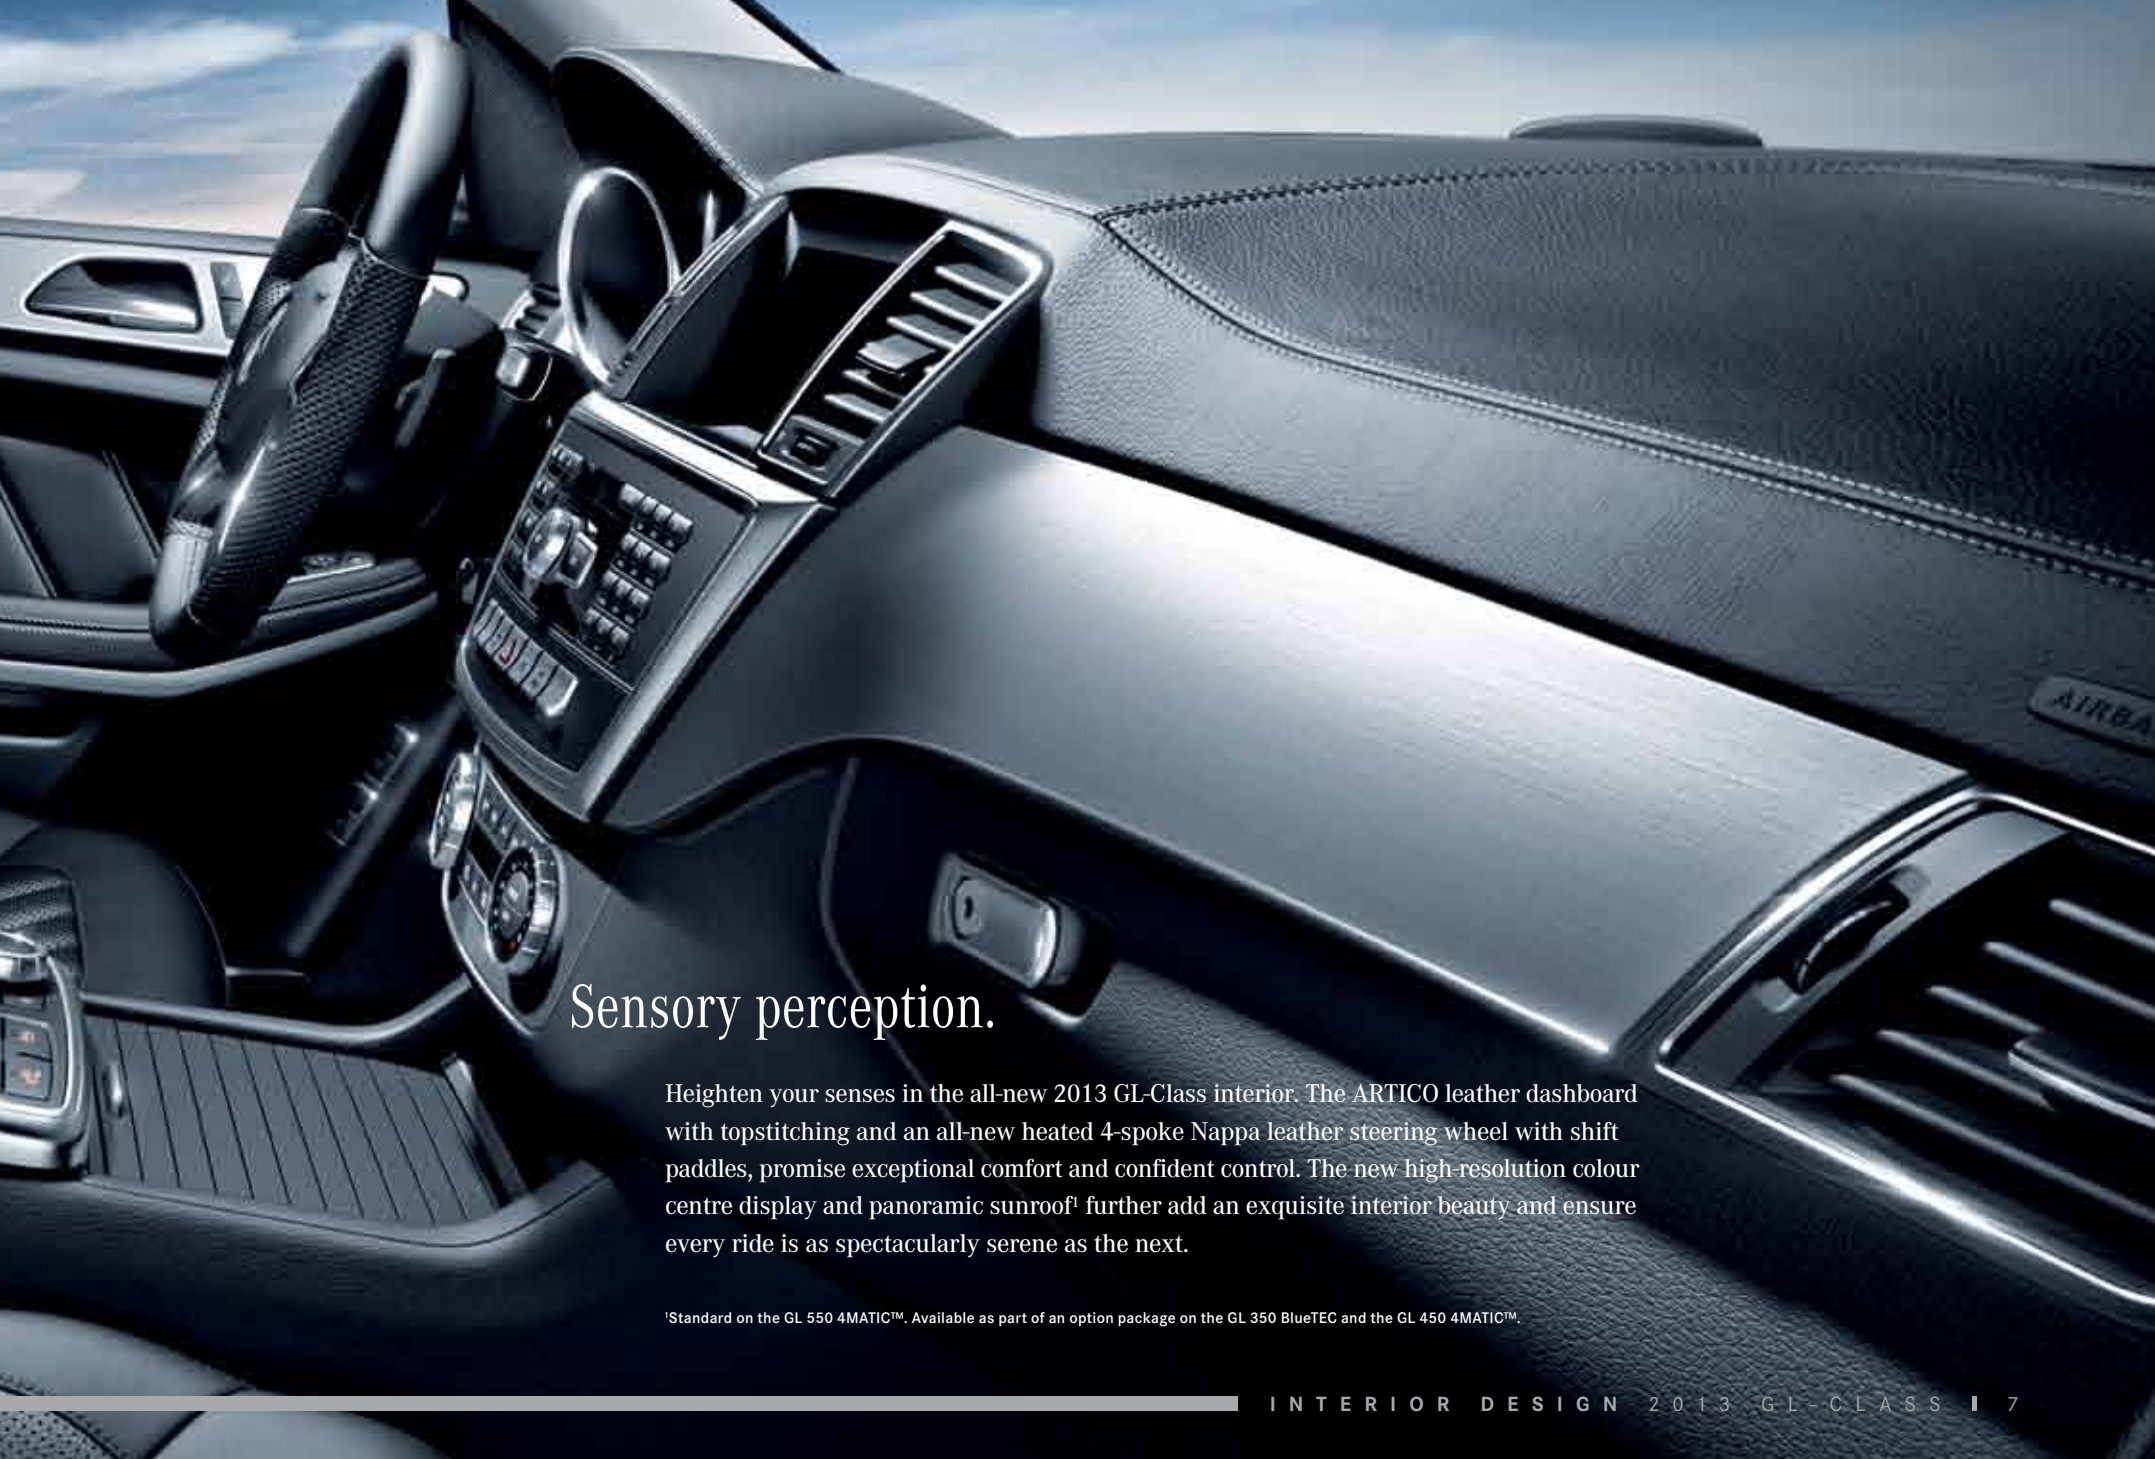

GL 350 BlueTEC with Sport Package.

GL 350 BlueTEC with standard ARTICO leather upholstery.

A detailed view of the front interior of a Mercedes-Benz GL-Class car. The image shows the leather-upholstered dashboard with topstitching, the ARTICO leather steering wheel with shift paddles, and the central console with a high-resolution color display and various control buttons. The overall design is sleek and modern, emphasizing luxury and comfort.

Sensory perception.

Heighten your senses in the all-new 2013 GL-Class interior. The ARTICO leather dashboard with topstitching and an all-new heated 4-spoke Nappa leather steering wheel with shift paddles, promise exceptional comfort and confident control. The new high-resolution colour centre display and panoramic sunroof¹ further add an exquisite interior beauty and ensure every ride is as spectacularly serene as the next.

¹Standard on the GL 550 4MATIC™. Available as part of an option package on the GL 350 BlueTEC and the GL 450 4MATIC™.

GL 350 BlueTEC interior in Tobacco Brown/Black Leather.

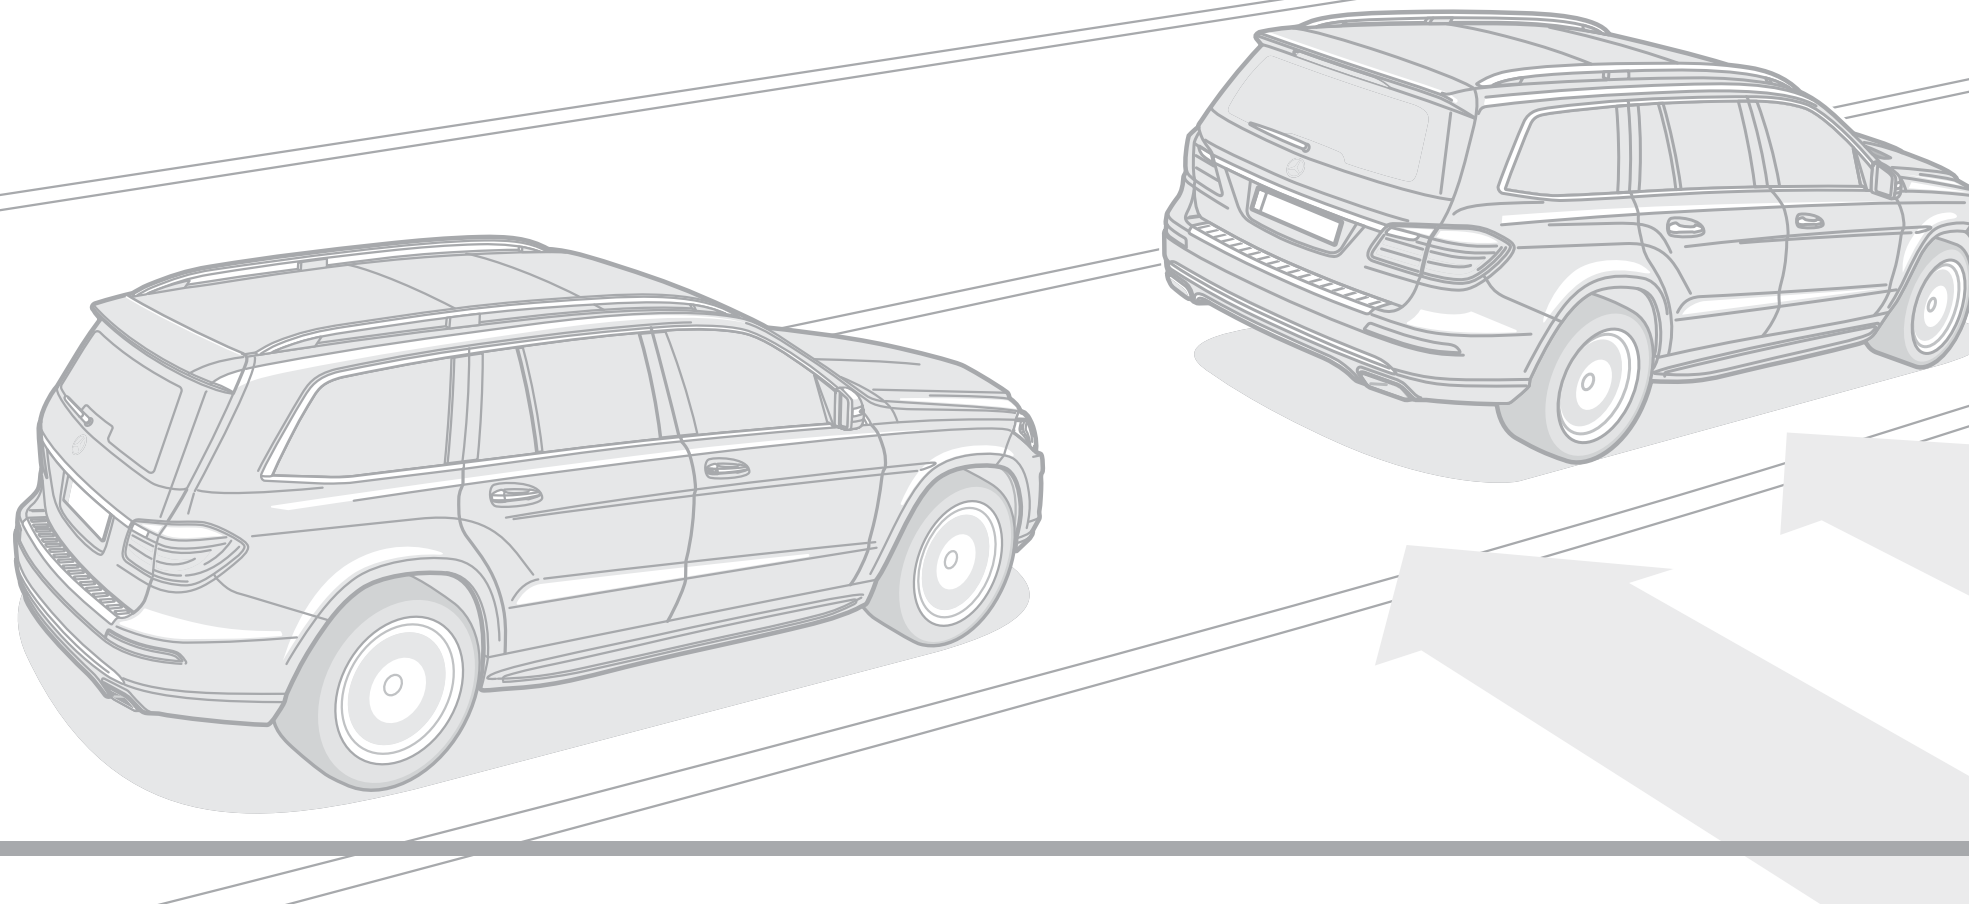

Set the mood.

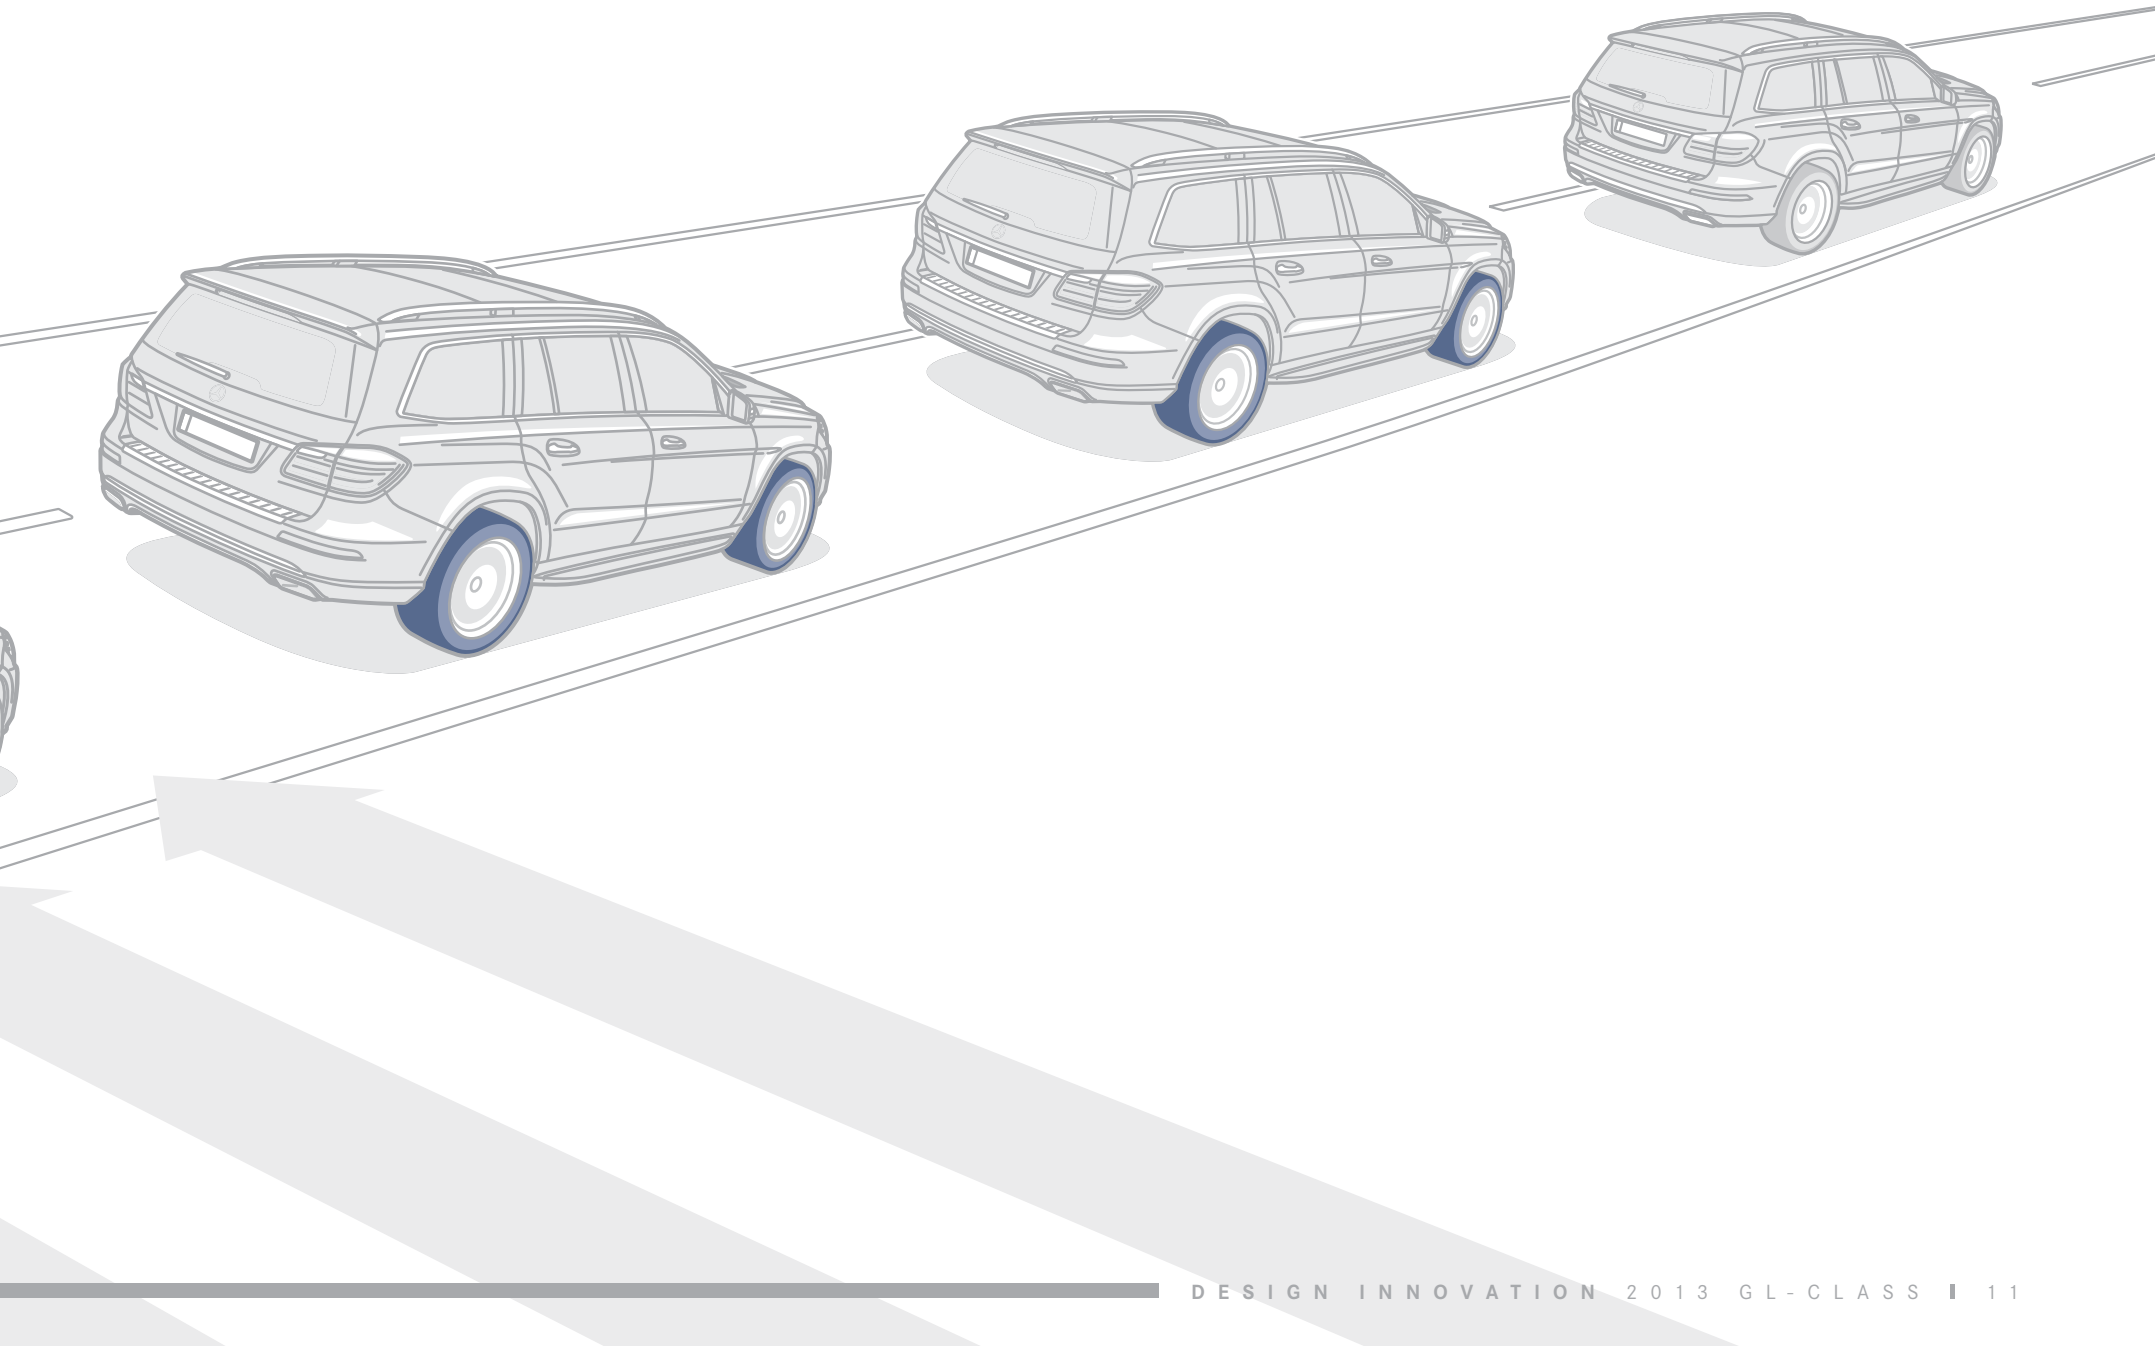

Luxuriousness surrounds in the all-new 2013 GL-Class with a beautiful optional Wood/Leather steering wheel¹, silver chrome surround for the head unit, Climate comfort front seats¹ and Brown ash wood trim (open pore)¹ as well as a selection of three different ambient lighting settings – solar, polar or neutral. Standard illuminated side sills provide further elegance and sophistication.

¹Available as a standalone option on all models.

On the cutting edge.

Mercedes-Benz is committed to innovation and exceptional engineering and nowhere is it more evident than on board the all-new 2013 GL-Class. Standard on all models, Crosswind Assist supports the driver by limiting the vehicle's lateral drift in gusty driving conditions. Automatic braking engages on the windy side of the vehicle counteracting the crosswind and ensuring control is not compromised.

Enjoy yourself.

As if a long trip in the all-new 2013 GL-Class wouldn't be a pleasure already, impressive entertainment and communication systems provide a truly remarkable driving and entertainment experience. COMAND with HDD navigation and 6 disc DVD changer¹ permits convenient control of navigation and entertainment functions through an easily accessible dial just below the arm rest. The harman/kardon[®] LOGIC7[®] surround sound system¹ further ensures high quality rich sound from all corners of the interior.

SiriusXM is standard and includes a 6 month complimentary subscription² featuring over 120 channels of the best in audio entertainment. Get 100% commercial-free music from every genre, plus sports, news, talk and comedy – all with crystal-clear, coast-to-coast coverage.

The optional BANG & OLUFSEN performance surround sound system provides the most exceptional sound quality ensuring breathtaking acoustics.

¹Available as part of an option package on the GL 350 BlueTEC and GL 450 4MATIC[™]. Standard on the GL 550 4MATIC[™]. ²Complimentary service is comprised of a SIRIUS package. Monthly subscription required for service thereafter. © 2012 Sirius XM Canada Inc. The COMAND APS head unit elegantly crafted with silver chrome surrounds.

GL 550 4MATIC™.

Increased adrenaline. Reduced emissions.

Performance meets fuel economy. Luxury meets responsibility. At Mercedes-Benz, we don't believe in compromise. Our BlueEFFICIENCY philosophy ensures that environmental responsibility plays a major role in all we do. We do this at all levels of vehicle development and production – and therefore take a comprehensive approach to all the potential factors relating to drive systems, lightweight construction, energy management and fuels. This all-round approach also includes aspects such as total emissions, choice of materials, development, production, use and servicing, right up to eventual vehicle recycling and disposal. The world's awareness is increasing as emissions, fuel consumption and fuel prices become topics that affect us all. For Mercedes-Benz it is both a corporate goal and an obligation to shape the future of mobility in a responsible and sustainable manner.

Owens the road as easily as it does attention.

With our award-winning 4MATIC™ permanent all-wheel-drive system delivering optimal traction regardless of road conditions, the GL-Class knows no boundaries. 4MATIC™ incorporates the 4-wheel Electronic Traction System (4ETS), monitoring each wheel for slippage and individually braking wheels to maintain the balance of power. By continuously ensuring that power is transferred to the wheels with grip, 4MATIC™ will keep you going, even if only one wheel has traction.

► **ECO START/STOP** Boosts fuel economy by automatically stopping the engine when the vehicle is at standstill. Once the throttle is engaged, the engine automatically starts – so the engine is only using fuel when needed.

The strong, silent type.

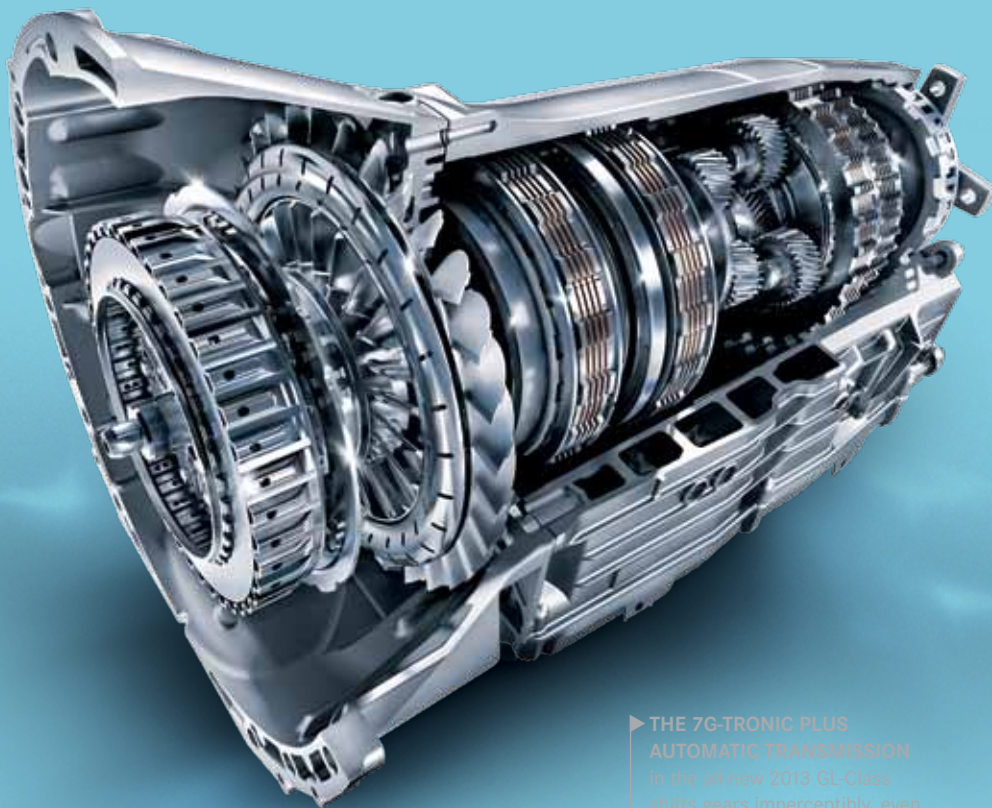

Offering impressive power and modern efficiency the all-new 2013 GL-Class leaves little to be desired. A 3.0 L turbo diesel V6 engine is housed in the GL 350 BlueTEC committing 240 hp and 455 lb-ft of torque. The GL 450 4MATIC™ provides further power with a 4.6 L Bi-turbo V8 engine with 362 hp and 406 lb-ft of torque ensuring acceleration of 100 km/h in just 6.3 seconds. Even further strength is promised with the GL 550 4MATIC™ providing 429 hp and 516 lb-ft of torque.

Confidence and strength are a guarantee aboard the all-new 2013 GL-Class.

GL 350 BlueTEC featuring the Sport Package.

► THE 7G-TRONIC PLUS
AUTOMATIC TRANSMISSION
In the all-new 2013 GL-Class
shifts gears imperceptibly, even
under rugged driving conditions.

Handles with care.

The standard 7G-TRONIC PLUS automatic transmission is designed for fuel-efficient, smooth operation. A total of seven ratios allows for smaller steps between gears, resulting in increased efficiency and additional comfort.

With the standard AIRMATIC air suspension, the GL-Class delivers a smooth and exceptional ride on any road. Designed to keep the ride height constant at all times, this self-levelling suspension system adjusts effortlessly regardless of the load you're carrying or terrain you're travelling.

The Adaptive Damping System (ADS)¹ works in tandem with AIRMATIC to make your ride even more enjoyable. It allows you to choose between two damper settings at the touch of a button – Comfort and Sport – the latter of which adopts firmer suspension for sporty drivers. No matter what your preference is, this innovative system constantly monitors driving input and road conditions and makes necessary adjustments in as little as 50 milliseconds.

¹Standard on the GL 550 4MATIC™. Available as an option package on the GL 350 BlueTEC and the GL 450 4MATIC™.

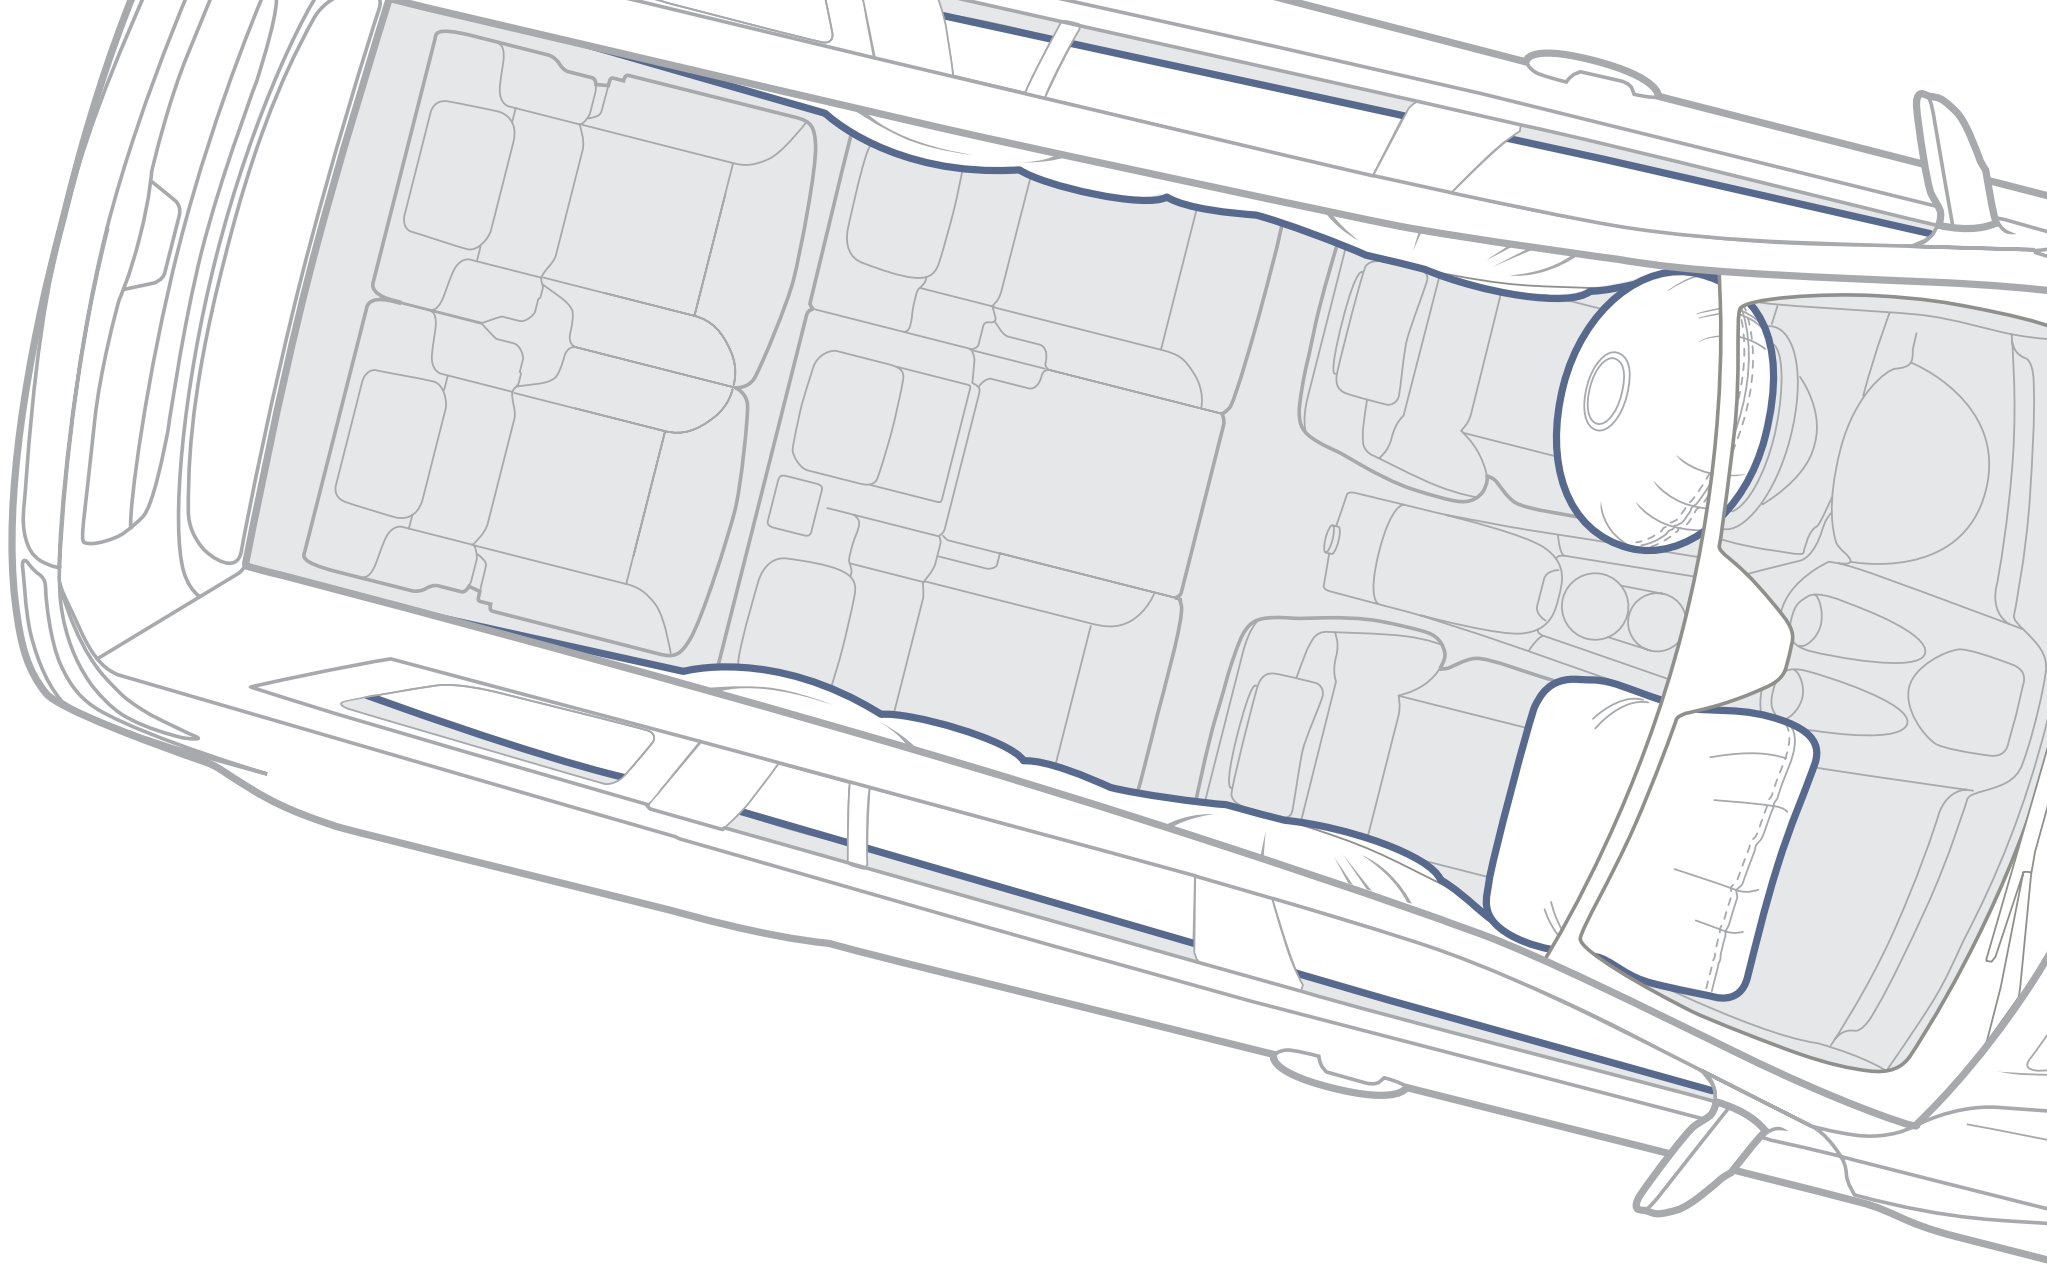

²Standard on the GL 350 BlueTEC and the GL 450 4MATIC™. Not available on the GL 550 4MATIC™.

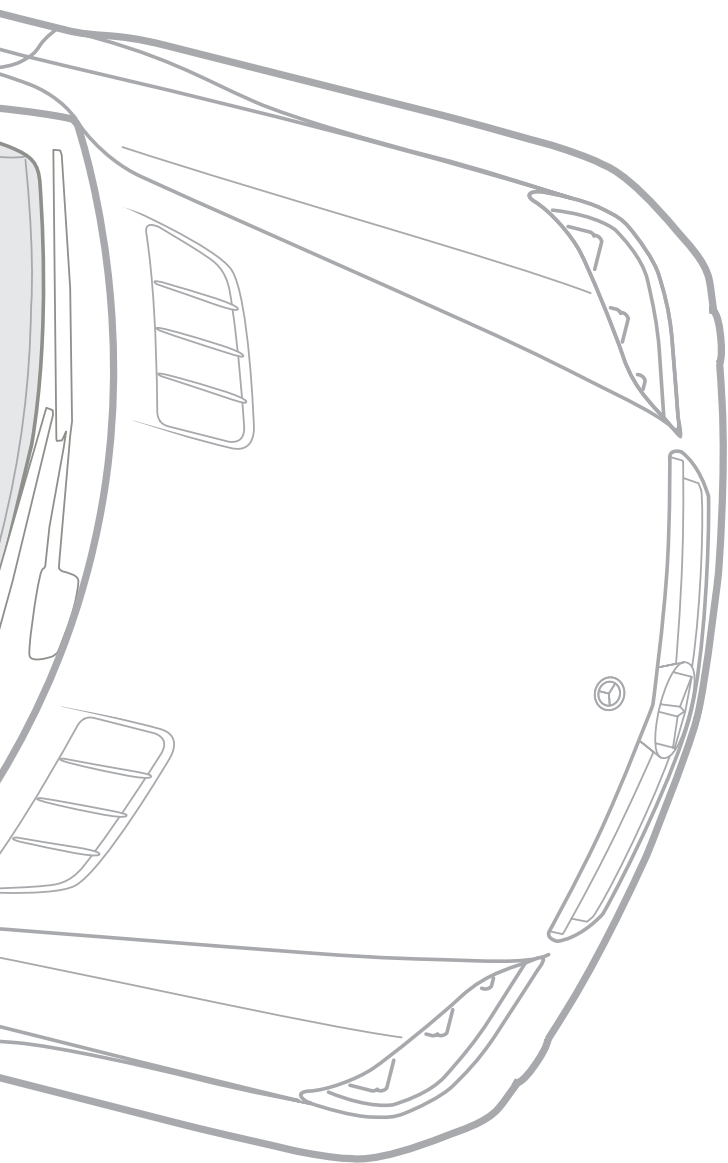

20" 5 twin-spoke wheels².

21" AMG 5 twin-spoke wheels¹.

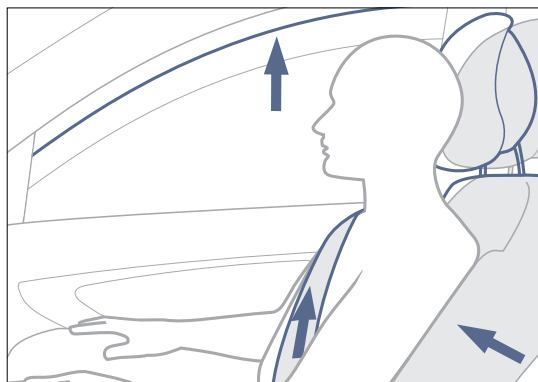

¹No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Best performance in snow is obtained with winter tires. ²Available on all models as part of an option package. ³WARNING: The forces of a deploying airbag can cause serious or fatal injuries to a child under age 13. Children under 13 should be seated in the back seat if possible. See Operator's Manual for additional warnings and information on airbags, seatbelts and child seats.

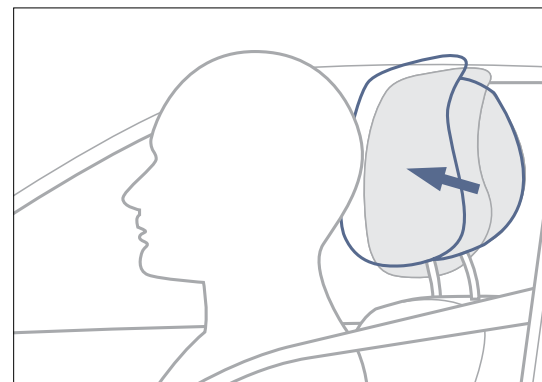

Confidence is yours.

The all-new 2013 GL-Class ensures a safe drive with the Electronic Stability Program (ESP®)¹ which is capable of detecting and correcting understeering, oversteering, abrupt steering and emergency braking in order to stabilize the vehicle. DISTRONIC PLUS² will assist by first alerting the driver of a potential collision through an audible warning. Should the driver fail to respond, PRE-SAFE® Brake will engage braking functions to mitigate the risk of an impact. The standard COLLISION PREVENTION ASSIST system along with Adaptive Brake Assist will ensure that the correct amount of braking pressure is applied regardless of the driver's action in emergency situations.

The GL-Class is also equipped with intelligent, two-stage driver and front passenger airbags, a driver's knee airbag, front and rear side airbags and window curtain airbags³. Going above and beyond, the GL-Class works on your behalf in the event of an accident. The engine and fuel supply are automatically cut, while hazard warning lights and emergency interior lights are activated. The side windows open partially for fresh air and clearer communication between passengers and emergency personnel.

PRE-SAFE® engages automatically by closing the windows, tightening seatbelts and positioning the seats in an optimal position to brace for an impending collision.

Head restraints with a passive protection system minimize the effects of whiplash.

Dressed for the occasion.

The finishing touches can mean the difference between a work of art and a true masterpiece. Whichever colour you opt for, you've made the right choice. Because with a selection of paint finishes benefitting from an extra scratch-resistant clear coat, your GL-Class is less susceptible not only to scratches, but also to sunlight, temperature variations, dust and soot.

The final touches.

Added nuances and unique refinements are just the things to make your GL-Class a distinctively richer driving experience. Mercedes-Benz accessories are a cut above, having been designed and built to the highest standards for concept, engineering, quality, style and function.

Roof Rack and Box

Need even more cargo carrying capacity? The GL-Class roof rack and box is an ideal solution. We have something to fit all of your needs with multiple sizes available.

20" two-tone 10-spoke Wheels

Personalize your GL-Class with these unique black and polished finished wheels. They are sure to make a statement wherever your journey takes you.

Luggage Divider Net

An easy-to-use partition net can be stretched behind the first or second seat row to create separate compartments – very useful for trips with luggage, or your best friend.

iPod® Integration Kit

You've spent time carefully filling your iPod® with the great music you love. Now you can enjoy every minute of every song as you cruise in your GL-Class courtesy of the iPod® Integration Kit.

A passion for things done right.

A passion for craftsmanship and attention to detail – it's what you'd expect from Mercedes-Benz, setting us apart from all other manufacturers. It drives us to set new standards in design, performance, comfort and safety. To continually build on the legendary traditions of Mercedes-Benz, and to provide you with an ownership experience that includes the valuable benefits described below.

24-hour Roadside Assistance

During the basic warranty coverage of 48 months and the time duration of the optional Extended Limited Warranty, Mercedes-Benz Roadside Assistance will be at your service. We'll bring you some gas, replace a flat tire with your spare, or jumpstart your car. In the event of a mechanical breakdown, if attempts by our Roadside Assistance technician have not made your vehicle safely operable, towing service will be provided to the nearest Mercedes-Benz dealership. Assistance is available 24 hours a day, every day, to anyone driving a Mercedes-Benz anywhere in Canada or the continental U.S.¹

Wear and tear period

The following parts listed are covered for wear and tear during the first 24 months or 40,000 km, whichever comes first. Brake pads, brake discs, brake pad wear sensors and light bulbs.

Mercedes-Benz warranties

The Mercedes-Benz New Vehicle Limited Warranty covers defects in materials or workmanship for 48 months or 80,000 km, whichever comes first. To widen your window of confidence, you can opt for a Mercedes-Benz Extended Limited Warranty as well.²

Customer service

Owning a Mercedes-Benz means that when you have a question, we're here to help. Customer Service is open from 9 a.m. to 5 p.m. EST, Monday through Friday, and is staffed with knowledgeable Mercedes-Benz experts who can talk you through the finer points of working your car's audio system – or even assist you in locating the nearest Mercedes-Benz dealership. Just call 1-800-387-0100. It's that simple.

Trip interruption reimbursement

If a breakdown covered by your New Vehicle Limited Warranty or optional

Extended Limited Warranty occurs more than 80 km from your home, leaves your Mercedes-Benz vehicle inoperable or unsafe to drive, and requires overnight repairs, we've got you covered. You will be reimbursed up to \$500 for hotel accommodations and up to \$600 for alternative travel expenses per incident while your car is being repaired at an authorized Mercedes-Benz dealership.

¹Vehicle must be accessible from main roads. Roadside Assistance may involve charges for parts, service and towing. Depending on the circumstances, these services may be provided by an outside service provider, courtesy of Mercedes-Benz Roadside Assistance. For full details of the Roadside Assistance Program, please see your dealer. ²Please see your dealer for warranty details as well as for terms, conditions and pricing for extended warranty options.

To be continued. With a test drive.

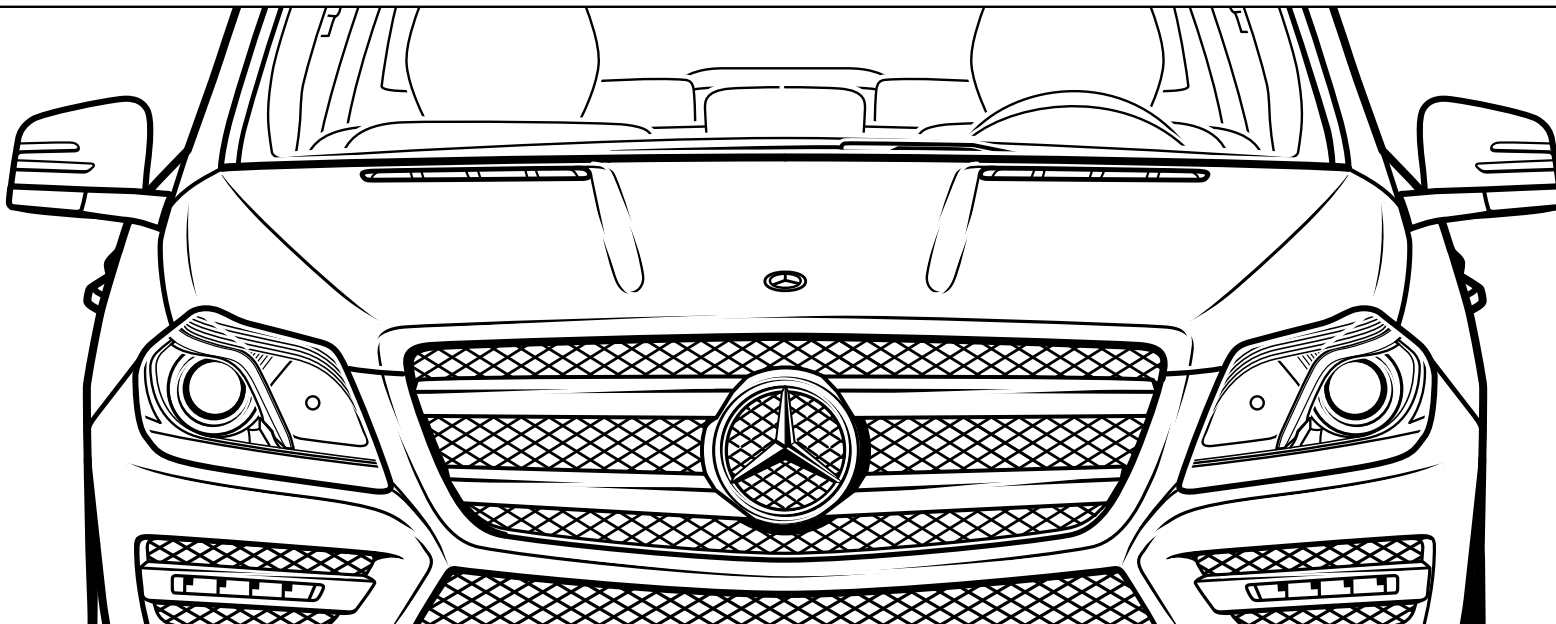

Nowhere is your GL-Class so convincing as on the road. It's only there that you can fully experience the superior handling and power that makes this car so special. Feel the engine move you forward, and watch your heart rate rise with the speedometer. That unique feeling in your stomach cannot be put down on paper. That's why we would like to invite you in for a test drive at your local Mercedes-Benz dealer. Reserve your appointment today, or visit mercedes-benz.ca. We look forward to seeing you.

Mercedes-Benz is virtually yours.

Visit mercedes-benz.ca and open an online window to Mercedes-Benz Canada. Revel in the incredible photography of our vehicles and get a visceral impression of what it would be like to see yourself behind the wheel. Access information about any of our vehicles, including financing and leasing options, upcoming models, and configure your dream Mercedes online. Our website also offers details about the Mercedes-Benz Extended Limited Warranty, vehicle ownership, and much more on the fascinating story behind one of the world's most recognizable brands.
