

The 2014 CL-Class

Mercedes-Benz

Pleasure. An engineering principle.

Feeling good is an exact science. Like a bespoke suit, the interior of the CL-Class is tailored to meet and surpass the greatest of desires. Whether it is the ambient lighting with three colour settings or the vast selection of materials to customize, like leather and wood trim, every detail of the CL-Class is designed to do one thing: take your breath away.

The crossroad of passion and precision.

Every design detail of the CL-Class comes together perfectly. The seductive roofline, muscular contours and AMG styling help to create a timeless style that is as dynamic as the power within. And with Active Bi-Xenon headlamps, chrome-rimmed LED running lights, and Adaptive Highbeam Assist, your eyes will stay focused on the road while others stay focused on you.

The car Formula One drivers drive to work.

For the ultimate in performance, the CL-Class is offered in several unique and powerful models.
