

The 2014 E-Class

COUPE AND CABRIOLET

Mercedes-Benz

Maximum exposure.

It's what you get in a completely redesigned 2014 E-Class Coupe or Cabriolet. While the driving dynamics and sumptuous luxury that define the E-Class are fully present here, you can't help but see and be seen in this pair. They're sleek, seductive, and drop-dead gorgeous. Get used to it: in the E-Class Coupe or Cabriolet, you'll collect sunshine. And stares.

A coupe above.

Indeed it is. Every style cue deployed signals incisive, taut, forward. Standard AMG body styling does that: consider the pronounced V-shaped front bumper with chrome wing spoiler. And the sinuous arc of the side sills. What distinguishes the E-Class Coupe's style most is what you don't see: a B-pillar. With the fully-retractable windows down (a capability unique in its segment), and the standard panoramic sunroof open, your view is an almost unobstructed slice of sky.

Shine brightly.

You're sure to be seen in an E-Class. And you'll see: courtesy of new, elegantly-housed LED headlamp systems. Standard low beam LED headlamps have a colour temperature of 5,500 Kelvin, more closely approximating sunlight. Optional Full LED Intelligent Headlamps¹ actively illuminate in the direction you're turning, while Adaptive Highbeam Assist 'sees', and then doesn't blind, oncoming traffic.

¹Standard on V8 models.

Savour every ray.

The E-Class Coupe offers a uniquely expansive slice of sky; the E-Class Cabriolet gives you the whole thing. Without any untoward exposure to the elements. With the top down, an enhanced AIRCAP draft stop system deploys, north of 40 km/h, so your hair remains utterly unruffled. In the E-Class Cabriolet, AIRSCARF¹ warms occupants' heads and necks, for top down cruising on cool days. And a rear windscreen automatically detects rear passengers, and adjusts its position accordingly. Goodbye, turbulence.

¹Included in the Premium Package.

Interior by design.

Considered touches that enhance your drive are as prized inside as out. Like the decision to mount the DIRECT SELECT shift lever on the steering column, to create a functional, covered storage area in the centre console. Perforating the grip of the three-spoke Nappa leather wheel? That's about control. Standard leather seats? Comfort. A three tube instrument cluster? At-a-glance command. All by design. The new analog clock with the Mercedes-Benz star? Well, that's just a timely nod to timeless luxury.

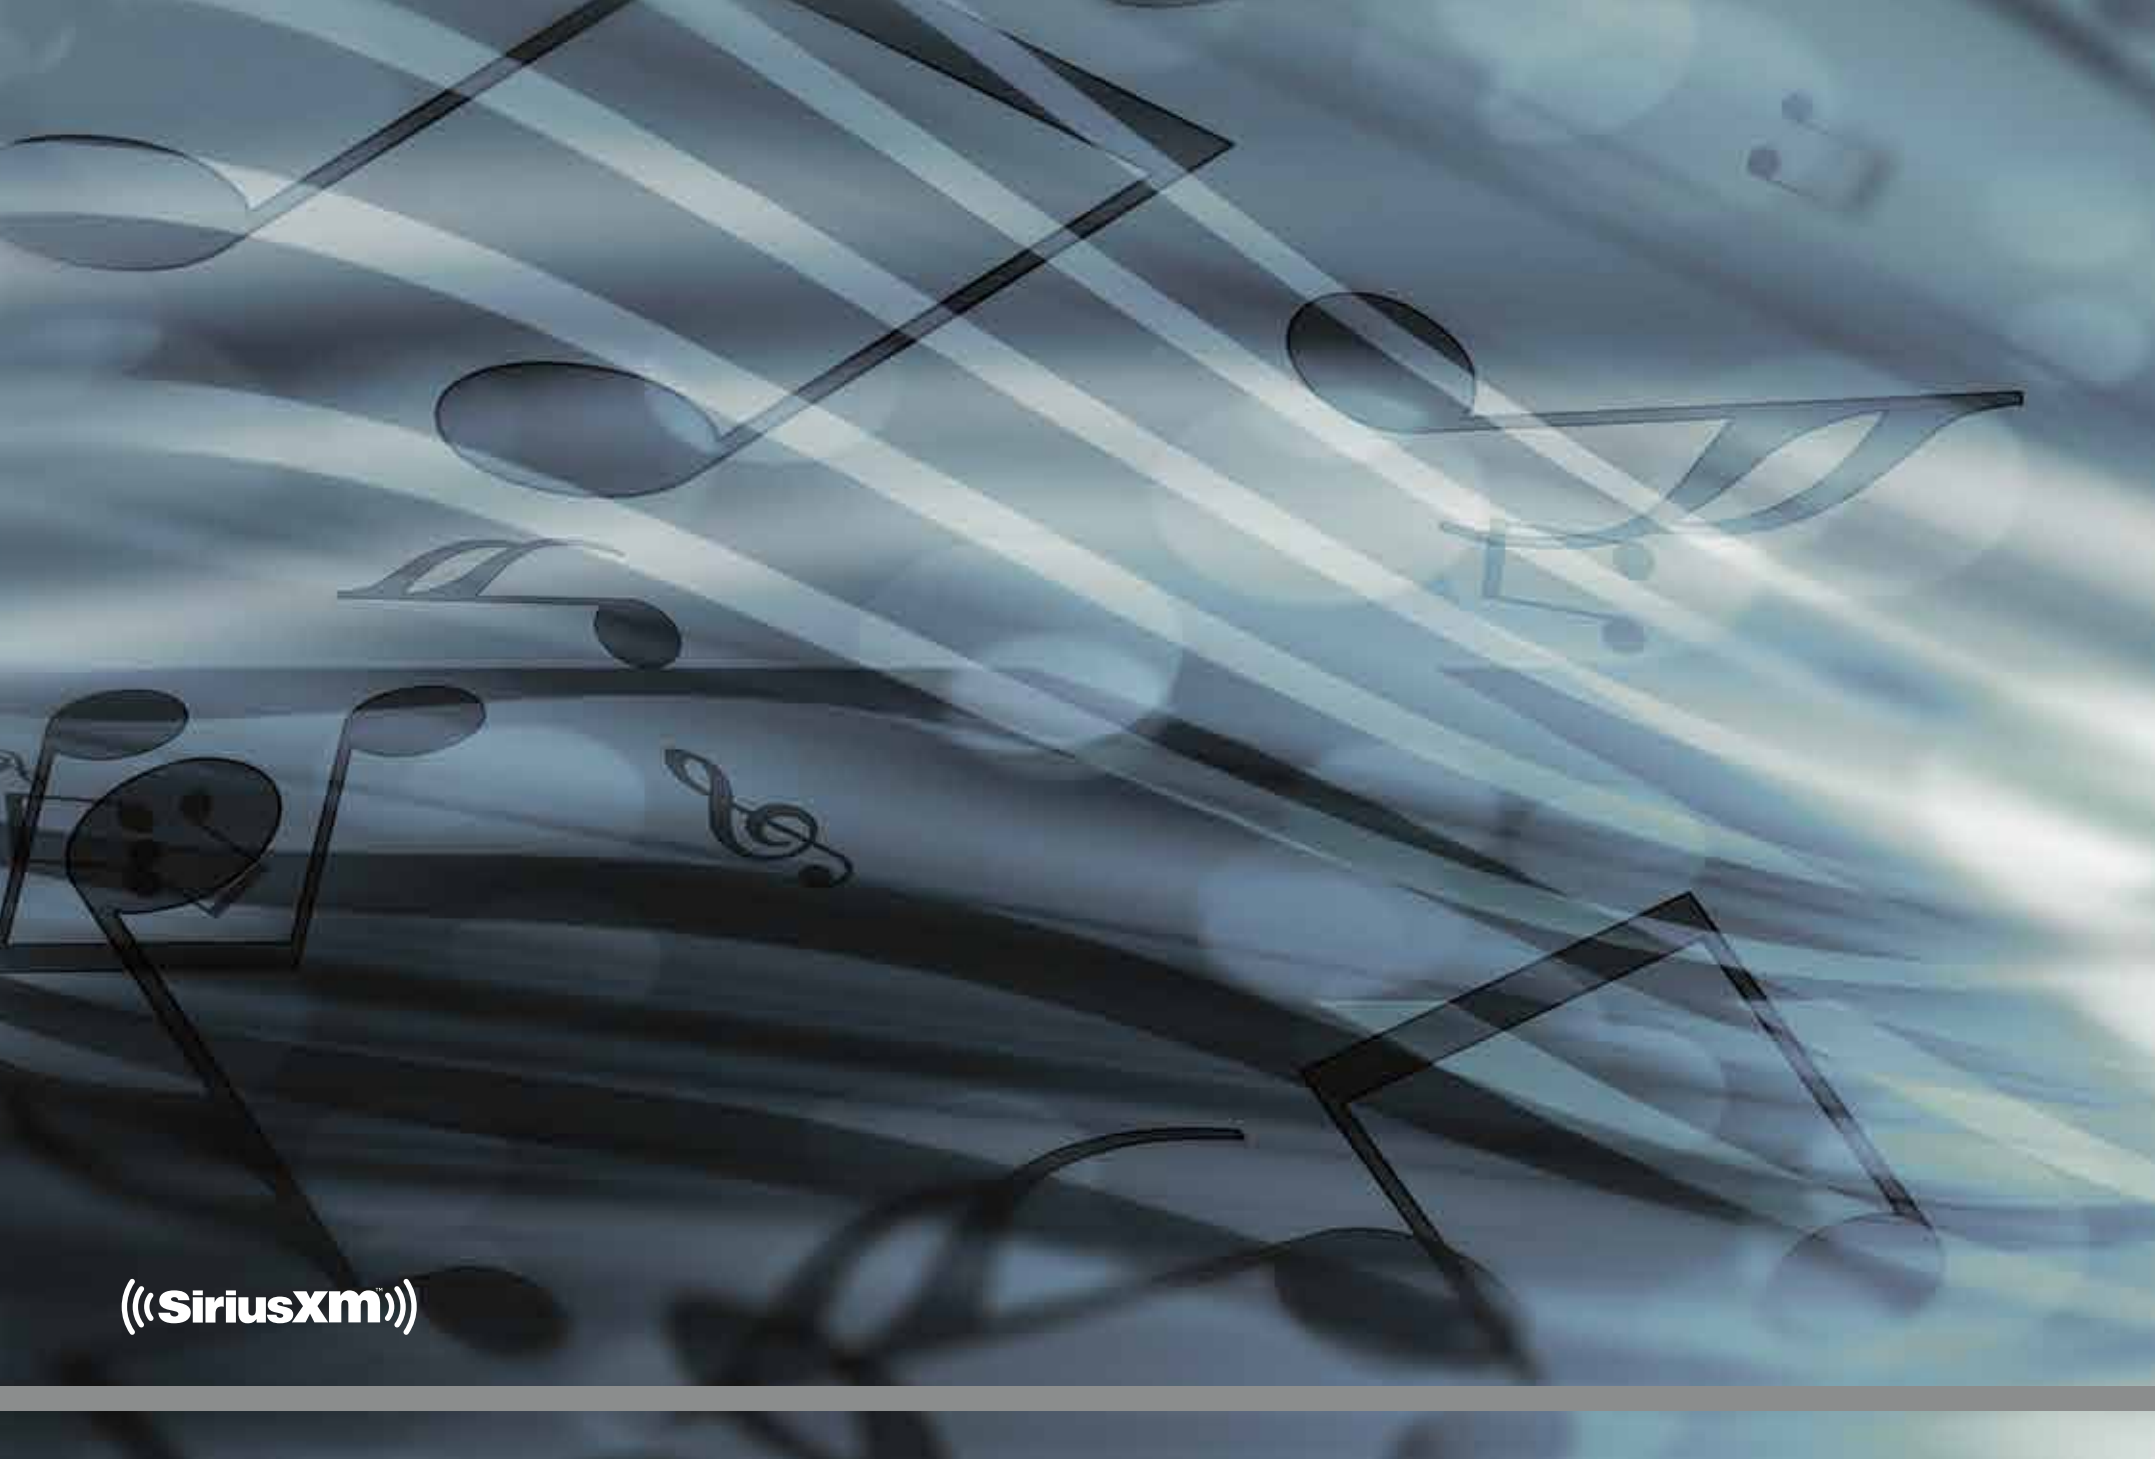

Driver's cars. That park themselves.

Among other capabilities. PARKTRONIC's sensors automatically seek parking spots. Once detected – with the driver selecting reverse and applying power – Active Parking Assist slides the car into place. A 360° close-range camera system provides all-round positional information, for confident close manoeuvring. We're driven to innovate. Because you're driven to drive.

(((SiriusXm)))

Sounds exquisite.

Your drive sings when the soundtrack's perfect. An optional 12-speaker, 450 watt harman/kardon® LOGIC7® Surround Sound System rewards your ears with 120 channels of SIRIUS Satellite Radio, coast-to-coast. And, since hearing the call of the road comes naturally in the Coupe and Cabriolet, COMAND APS with hard disc drive (HDD) navigation is standard. So you don't get lost. Unless you want to.

Hit it.

Power is key when you're chasing the sun. A 302 hp V6 drives the E 350 Coupe/E 350 4MATIC™ Coupe, and E 350 Cabriolet; a 402 hp Bi-turbo V8 powers the E 550 Coupe and E 550 Cabriolet. But with power comes responsibility, which ECO Start/Stop provides: at a full stop, the engine switches off, then restarts (with no perceptible lag) when the accelerator is depressed. You save gas, and reduce emissions.

Tread gracefully.

In the E-Class Coupe and Cabriolet, a 7G-TRONIC PLUS automatic transmission makes each shift at the optimum engine speed. Which makes for quicker acceleration. But you might want to slow down occasionally. To give onlookers a chance to appreciate adornments like boldly styled 18" twin-spoke alloy wheels. They send a message to anyone who understands style. And to the road.

18" Twin 5-Spoke Wheels
(22R Design)¹

18" AMG Twin 5-Spoke Wheels
(660 Design)²

18" AMG Twin 5-Spoke Wheels
(795 Design)³

¹Standard on E 350 Coupe/E 350 4MATIC™ Coupe & E 350 Cabriolet. ²Standard on E 550 Coupe & Cabriolet, available as part of the AMG Sport package on the E 350 Coupe/E 350 4MATIC™ Coupe & E 350 Cabriolet. ³Optional on E 550 Coupe & Cabriolet.

Safe driving.

We call it 'Intelligent drive'.* A suite of features that adds an unparalleled dimension of safety to piloting an E-Class Coupe or Cabriolet.

DISTRONIC PLUS with Steer Assist: the most stressful driving is often when it barely feels like you are – in stop-and-go, multi-lane traffic. DISTRONIC PLUS lifts the driver's burden, assisting in lane and positional maintenance in traffic like this.

BAS PLUS with Cross Traffic Assist: especially useful at intersections, it detects pedestrians and cross-traffic, and boosts the braking power you apply accordingly.

PRE-SAFE® Brake with Pedestrian Detection: a stereo camera and radar sensors look ahead. If a pedestrian is detected, autonomous braking (from an initial speed of up to 50 km/h) activates.

PRE-SAFE® PLUS: recognizes imminent rear-end collision, and adjusts occupant protection measures to reduce the force to which occupants are subjected. And it firmly applies the brakes in the event of such a collision to prevent secondary accidents.

These features join improved **ATTENTION ASSIST** (which alerts you in the rare cases where drowsiness interferes with driving your E-Class), **COLLISION PREVENTION ASSIST**, and **Adaptive Brake ASSIST**, which, as part of COLLISION PREVENTION ASSIST, automatically boosts brake pressure to take advantage of total available braking distance.

*Optional on all models.

Rule the road.

Your E-Class Coupe or Cabriolet's pre-eminence on pavement is enhanced by the Dynamic Handling package*. Two modes – SPORT and COMFORT – are available at the touch of a button. COMFORT mode is what the name suggests. In SPORT mode, the continuous damping system engages firmer settings. For the kind of taut, immediate driving that lets you, and the road, know who's in charge.

*Standard on E 350 & E 550 Coupe and Cabriolet. Not available for E 350 4MATIC™ Coupe.

Show your true colours.

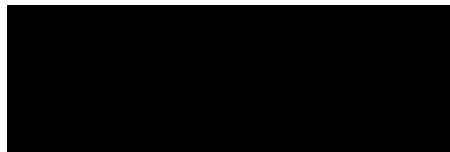

Delight your own eye, and the eyes of your beholders, with the statement colours available for the E-Class Coupe and Cabriolet. Aragonite Silver, Dolomite Brown, and Diamond Silver are the new additions to the body colour palette. While up top, the new Brown complements the current lineup of E-Class Cabriolet soft-tops.

The finishing touches.

Mercedes-Benz Genuine Accessories help give your E-Class a truly distinctive style. Whether sporty, elegant, contemporary or classic, Genuine Accessories add an unmistakable touch.

Here are just a few of the items available to choose from:

Chrome Door Cups

These high-sheen cups protect the recess behind the door handles from scratches, and offer a high-quality, personalized look.

Illuminated Star*

This Star illuminates within the grille when a door is unlocked or opened. Its subtle white glow is both eye-catching and sophisticated.

Black Mirror Caps

Black high-gloss exterior mirror housings add a sporty and dynamic look to both the E-Class Coupe and Cabriolet.

18" Two-Tone Light-Alloy Wheels

Mercedes-Benz Light Alloy Wheels combine state of the art technology with breathtaking style. They have been designed and engineered to meet the highest standards for strength, durability, and safety.

*Illuminated Star not applicable on models equipped with DISTRONIC®/DISTRONIC PLUS®.

Drive with assurance.

You already do. But Mercedes-Benz adds to your assurance, and enhances your E-Class Coupe and Cabriolet ownership experience, with these benefits:

24-hour Roadside Assistance

For the duration of the basic warranty coverage period of 48 months, (and the duration of the Extended Limited Warranty, if you've opted for it) Mercedes-Benz Roadside Assistance will be at your service. We'll bring you gas, replace a flat tire with your spare, or jumpstart your car. In the event of a mechanical breakdown – if attempts by our Roadside Assistance technician have not made your vehicle safely operable – towing service will be provided to the nearest Mercedes-Benz dealership. Assistance is available 24 hours a day, every day, to anyone driving a Mercedes-Benz anywhere in Canada or the continental U.S.¹

Wear and tear period

These parts are covered for wear and tear during the first 24 months or 40,000 km, whichever comes first: brake pads, brake discs, brake pad wear sensors and light bulbs.

Mercedes-Benz warranties

The Mercedes-Benz New Vehicle Limited Warranty covers defects in materials or workmanship for 48 months or 80,000 km, whichever comes first. For enhanced confidence, you can opt for a Mercedes-Benz Extended Limited Warranty.²

Customer service

Owning an E-Class is unquestionably an inspiration to any driver. But should you have a question, we're here to help. Customer Service is open from 9 a.m. to 5 p.m. EST, Monday through Friday. Knowledgeable Mercedes-Benz experts can advise you on all matters E-Class. From the finer points of your car's audio system, to the location of our nearest dealership. Just call 1-800-387-0100.

Trip interruption reimbursement

If a breakdown covered by your New Vehicle Limited Warranty or optional Extended Limited Warranty occurs more than 80 km from your home, leaves your Mercedes-Benz vehicle inoperable or unsafe to drive, and requires overnight repairs, you're covered. You will be reimbursed up to \$500 for hotel accommodations and up to \$600 for alternative travel expenses per incident while your car is being repaired at an authorized Mercedes-Benz dealership.

¹Vehicle must be accessible from main roads. Roadside Assistance may involve charges for parts, service and towing. Depending on the circumstances, these services may be provided by an outside service provider, courtesy of Mercedes-Benz Roadside Assistance. For full details of the Roadside Assistance Program, please see your dealer. ²Please see your dealer for warranty details as well as for terms, conditions and pricing for extended warranty options.
