

The 2014 M-Class

Mercedes-Benz

A champion among luxury SUVs.

The 2014 M-Class has presence: its contoured, muscular body is cast from a single body mould; its aggressive AMG-styling projects power. But it's no brute: the M-Class has style. The broad diagonal of the hallmark M-Class C-pillar, well forward of the rear of the vehicle, deftly counters any sense of SUV bulk, while wraparound tail lamps draw the eye around the vehicle. Chrome-style underguards front and rear up the style ante even more.

In the M-Class, style meets comfort. Whether you drive in rough terrain, or on the roughest city streets, your ride will be comfortable, even when conditions are not.

TEST DRIVE, WEBSITE, EQUIPMENT LISTING & TECHNICAL SPECIFICATIONS	12

A detailed view of the interior of a Mercedes-Benz ML-Class car at night. The image shows the driver's side, including the leather-upholstered front and rear seats, the dashboard with wood trim, the steering wheel with the Mercedes-Benz logo, and the center console. The ambient lighting is warm and focused on the interior, while the background shows a dark road with distant city lights and street lamps.

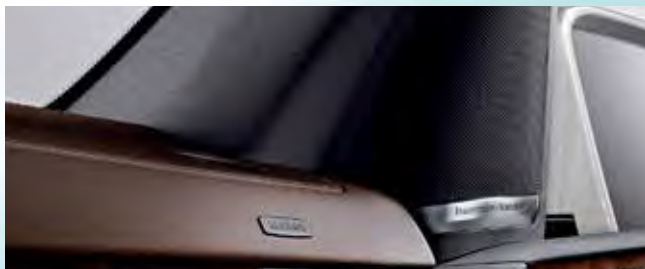

Make yourself comfortable.

The ML 350 BlueTEC 4MATIC™ features rich ARTICO leather covered door panels and ergonomic seats along with finely appointed wood trim, chrome details and soft ambient lighting with three colour settings. It promises an interior character that delivers both optimum ergonomics and superb practicality. Optional highlights include Climate Comfort front seats, heated rear seats, panoramic sunroof, and even climate controlled cupholders to provide the utmost in thoughtful luxury.

The ML 550 4MATIC™ offers even more interior comforts and details. From the standard leather upholstery and ARTICO dashboard to the optional *designo* wood/leather steering wheel and optional multicontour front seats with massage, character and comfort shine throughout every corner.

ML 350 BlueTEC 4MATIC™ interior, shown with Brown Ash Wood (open-pore).

Just one of the 14 harman/kardon® LOGIC7® surround sound system speakers.²

Get the show on the road. Or off.

The 2014 M-Class provides top-notch entertainment and communication technology. The COMAND APS with HDD navigation and DVD changer¹ and harman/kardon® LOGIC7® surround sound system² facilitate confident navigation and crystal clear onboard entertainment to allow for a pleasurable and easily navigated drive.

Integrated into your vehicle's audio system, SiriusXM is standard and includes a 6 month complimentary subscription³. Additionally, the available media interface¹ syncs with your iPod® to let you browse artist album artwork similar to your iPod®.

You also have the option of being the first with an industry-leading innovation: Mercedes-Benz' exclusive Splitview enables the driver and front passenger to view different, full-screen content on the same COMAND display, simultaneously. We can hardly believe it ourselves.

¹Standard on the ML 550 4MATIC™ and the ML 63 AMG. Available as part of an option package on the ML 350 models. ²Available as part of an option package on the ML 350 models and the ML 550 4MATIC™. Standard on the ML 63 AMG. ³Complimentary service is comprised of a SIRIUS package. Monthly subscription required for service thereafter. © 2013 Sirius XM Canada Inc. Power, agility, comfort. Pick three.

Let's start with power. Specifically, powertrains. Beneath the hood of the ML 350 4MATIC™ is a 3.5L direct injection V6 that delivers a muscular 302 horsepower and 273 lb-ft of torque. The ML 550 4MATIC™ provides even more power: 402 hp and 443 lb-ft of torque, from a compact and low-weight 4.6L Bi-turbo engine designed for reduced friction loss and optimized fuel consumption.

The ultimate exercise of power in the M-Class is the ML 63 AMG. A 5.5L AMG Bi-turbo V8 delivers 518 horsepower and 516 lb-ft of torque. An AMG SPEEDSHIFT PLUS 7G-TRONIC transmission selects gears directly, and changes them in less than 100 milliseconds. The result is uninterrupted torque delivery, and smooth, optimized shifting – the optimal delivery of ultimate power.

For those whose power requirements lean more to outstanding towing capacity (or remarkable fuel efficiency), the 3.0L Turbo V6 diesel engine in the ML 350 BlueTEC 4MATIC™ delivers 240 horsepower and a whopping 455 lb-ft of torque.

What's next? Agility and comfort. AIRMATIC with Adaptive Damping System (ADS)¹ takes M-Class driving enjoyment to new levels – literally. At high speeds, the ride height of the M-Class is automatically lowered for aerodynamic handling. With heavy payloads, the air suspension keeps the ride height constant.

¹Standard on the ML 550 4MATIC™ and the ML 63 AMG. Available as part of an option package on the ML 350 models. ²Standard on the ML 350 models. Not available on the ML 550 4MATIC™ and the ML 63 AMG. ³Standard on the ML 550 4MATIC™. Available as part of an option package on the ML 350 models. Not available on the ML 63 AMG. ⁴Available as a standalone option on the ML 550 4MATIC™. Not available on all other models. ⁵Standard on the ML 63 AMG. Not available on all other models.

(757 Design)⁴.

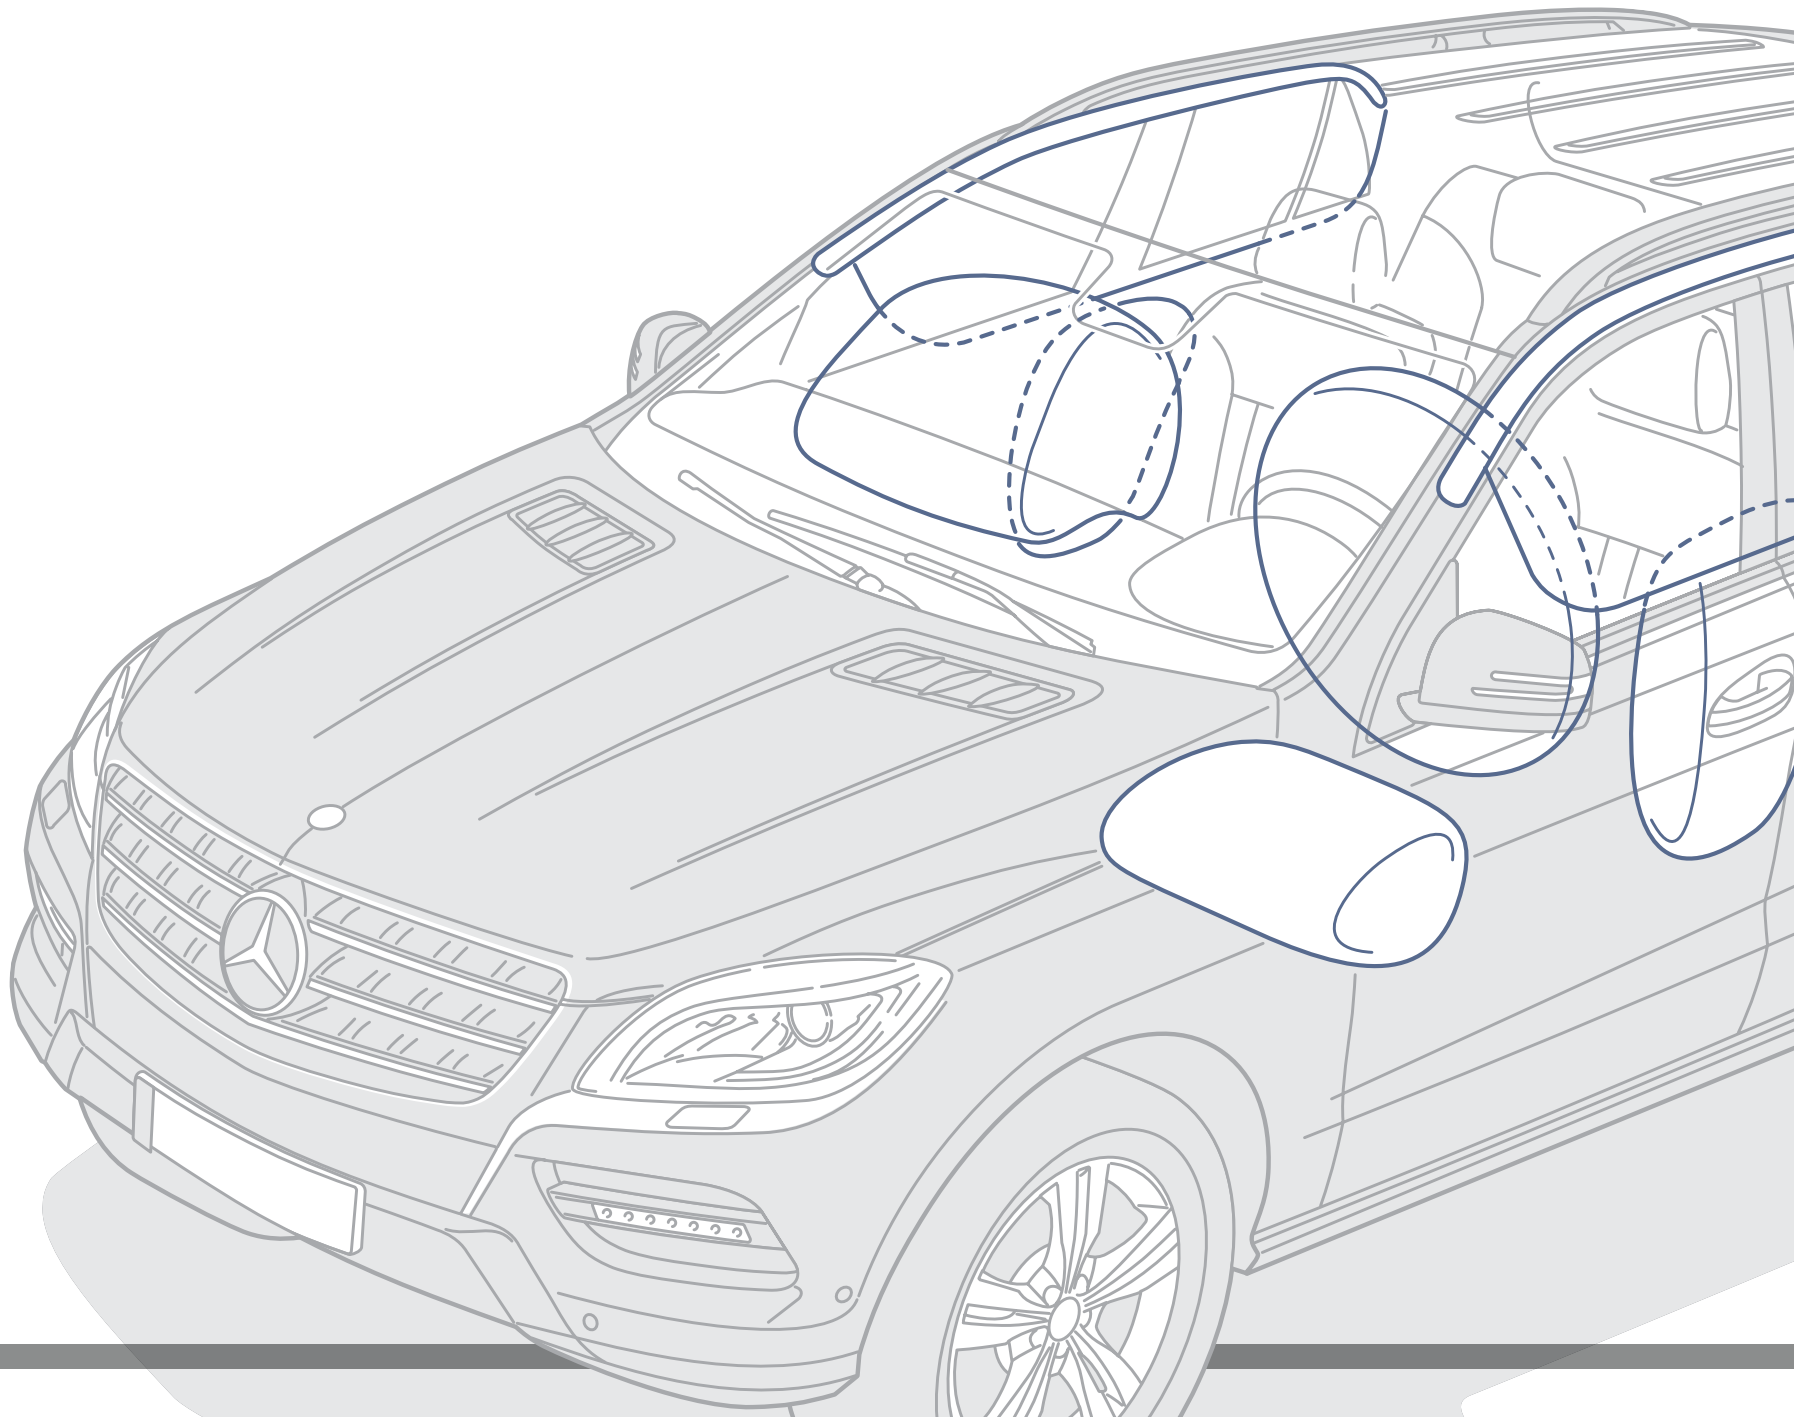

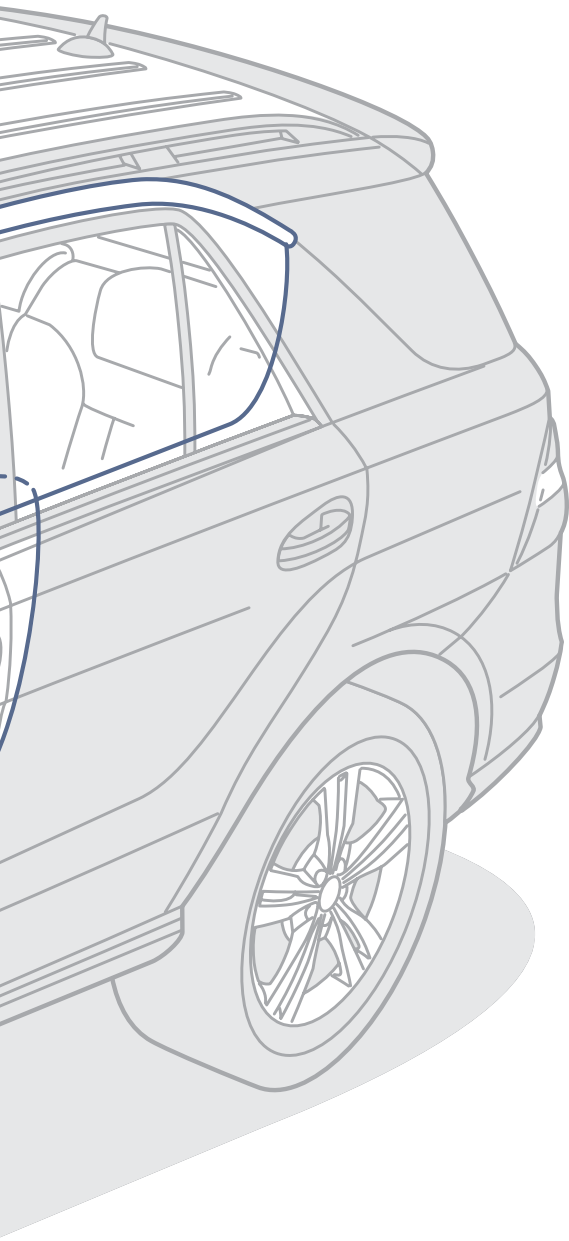

21" AMG Twin 5-Spoke Wheels
(798 Design)⁵.

The innovative Adaptive Damping System (ADS) ensures stability and control are never a concern.

Safety should never be left to chance.

Our 4MATIC™ permanent all-wheel-drive system reassures you with complete confidence no matter what the season or road conditions. It is always engaged, sending torque to each wheel independently and ensuring optimal traction and control. 4MATIC™ is aided by our 4-wheel Electronic Traction System (4ETS) which monitors each wheel, individually braking wheels in the event of slip. 4ETS continuously ensures that power goes only to the wheels with grip, even if only one wheel has traction.

The M-Class' extremely sturdy passenger cage protects occupants by way of energy-absorbing front-end, reinforced doors, extended crumple zones, and an elevated ride position. COLLISION PREVENTION ASSIST automatically alerts the driver in the event of an impending rear end collision, while Passive Blind Spot Assist¹ monitors vehicles around you.² The Electronic Stability Program (ESP®) enhances control by monitoring your steering and braking, making instantaneous adjustments if it senses loss of control or stability. Seatbelts feature Emergency Tensioning Devices (ETDs) to help remove seatbelt slack in more severe front or rear impacts. Rest assured, driving an M-Class means driving protected.

¹Standard on the ML 63 AMG. Available as part of an option package on the ML 350 4MATIC™, ML 350 BlueTEC 4MATIC™ and the ML 550 4MATIC™. ²Active when travelling over 30 km/h. No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Best performance in snow is obtained with winter tires.

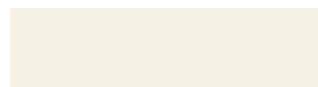

Dressed for the occasion.

The finishing touches can mean the difference between a work of art and a true masterpiece. Whichever colour you opt for, you've made the right choice. Because with a selection of paint finishes benefitting from an extra scratch-resistant clear coat, your M-Class is less susceptible not only to scratches, but also to sunlight, temperature variations, dust and soot.
