

The 2015 CLS.

Mercedes-Benz
The best or nothing.

The 2015 CLS.

Imitated but never replicated, the groundbreaking CLS pushes innovation, design and power even further for 2015.

Refreshed look outside and in.

The latest generation CLS is designed to excite, with a redesigned exterior and interior, as well as new wheel and exterior colour options. The new grille features a prominent diamond pattern with pins in chrome. New 18" – 19" wheel designs include an 18" 10-spoke pattern for the CLS 400 4MATIC™. On the inside, you have a choice of 3 ambient light colours. Your eyes will be drawn to the free-standing central media display with 8" diagonal screen. And your hands will appreciate the Nappa leather and grip areas on the new 3-spoke multifunction steering wheel.

The world at your command.

The latest generation of COMAND is now equipped with an internet browser and MB Apps that allow you to browse the internet while stationary and use Mercedes-Benz Apps while on the move. You can search via Google, download your route via Google maps and view images from available traffic cameras.

The thinking vehicle.

A response to increasing traffic complexity and demands on driver and vehicle, Intelligent Drive is innovative technology that closely coordinates and networks a range of systems to enhance safety and comfort when driving. The goal? To make the driving experience stress- and accident-free.

LED Multibeam headlamps:

LED Multibeam technology combines the best current lighting technologies and can automatically adjust the distribution of light quickly and precisely to almost any situation on the road. This system features 36 individual LEDs per headlamp to achieve optimum illumination. Adaptive Highbeam Assist chooses between high and low beam modes, depending on traffic.
