

The 2015 GL-Class

Mercedes-Benz
The best or nothing.

GL 350 BlueTEC 4MATIC™ shown.

Ever so elegant.

The 2015 GL-Class marries SUV practicality with luxury, power and beautiful design. Active Bi-Xenon headlamps with LED indicators and fiber-optic technology express modern sophistication, while the available AMG styling package¹ endows the vehicle with irresistible visual flair.

¹Included in the Sports Package on the GL 350 BlueTEC 4MATIC™ & the GL 450 4MATIC™. Standard on the GL 550 4MATIC™ & the GL 63 AMG.

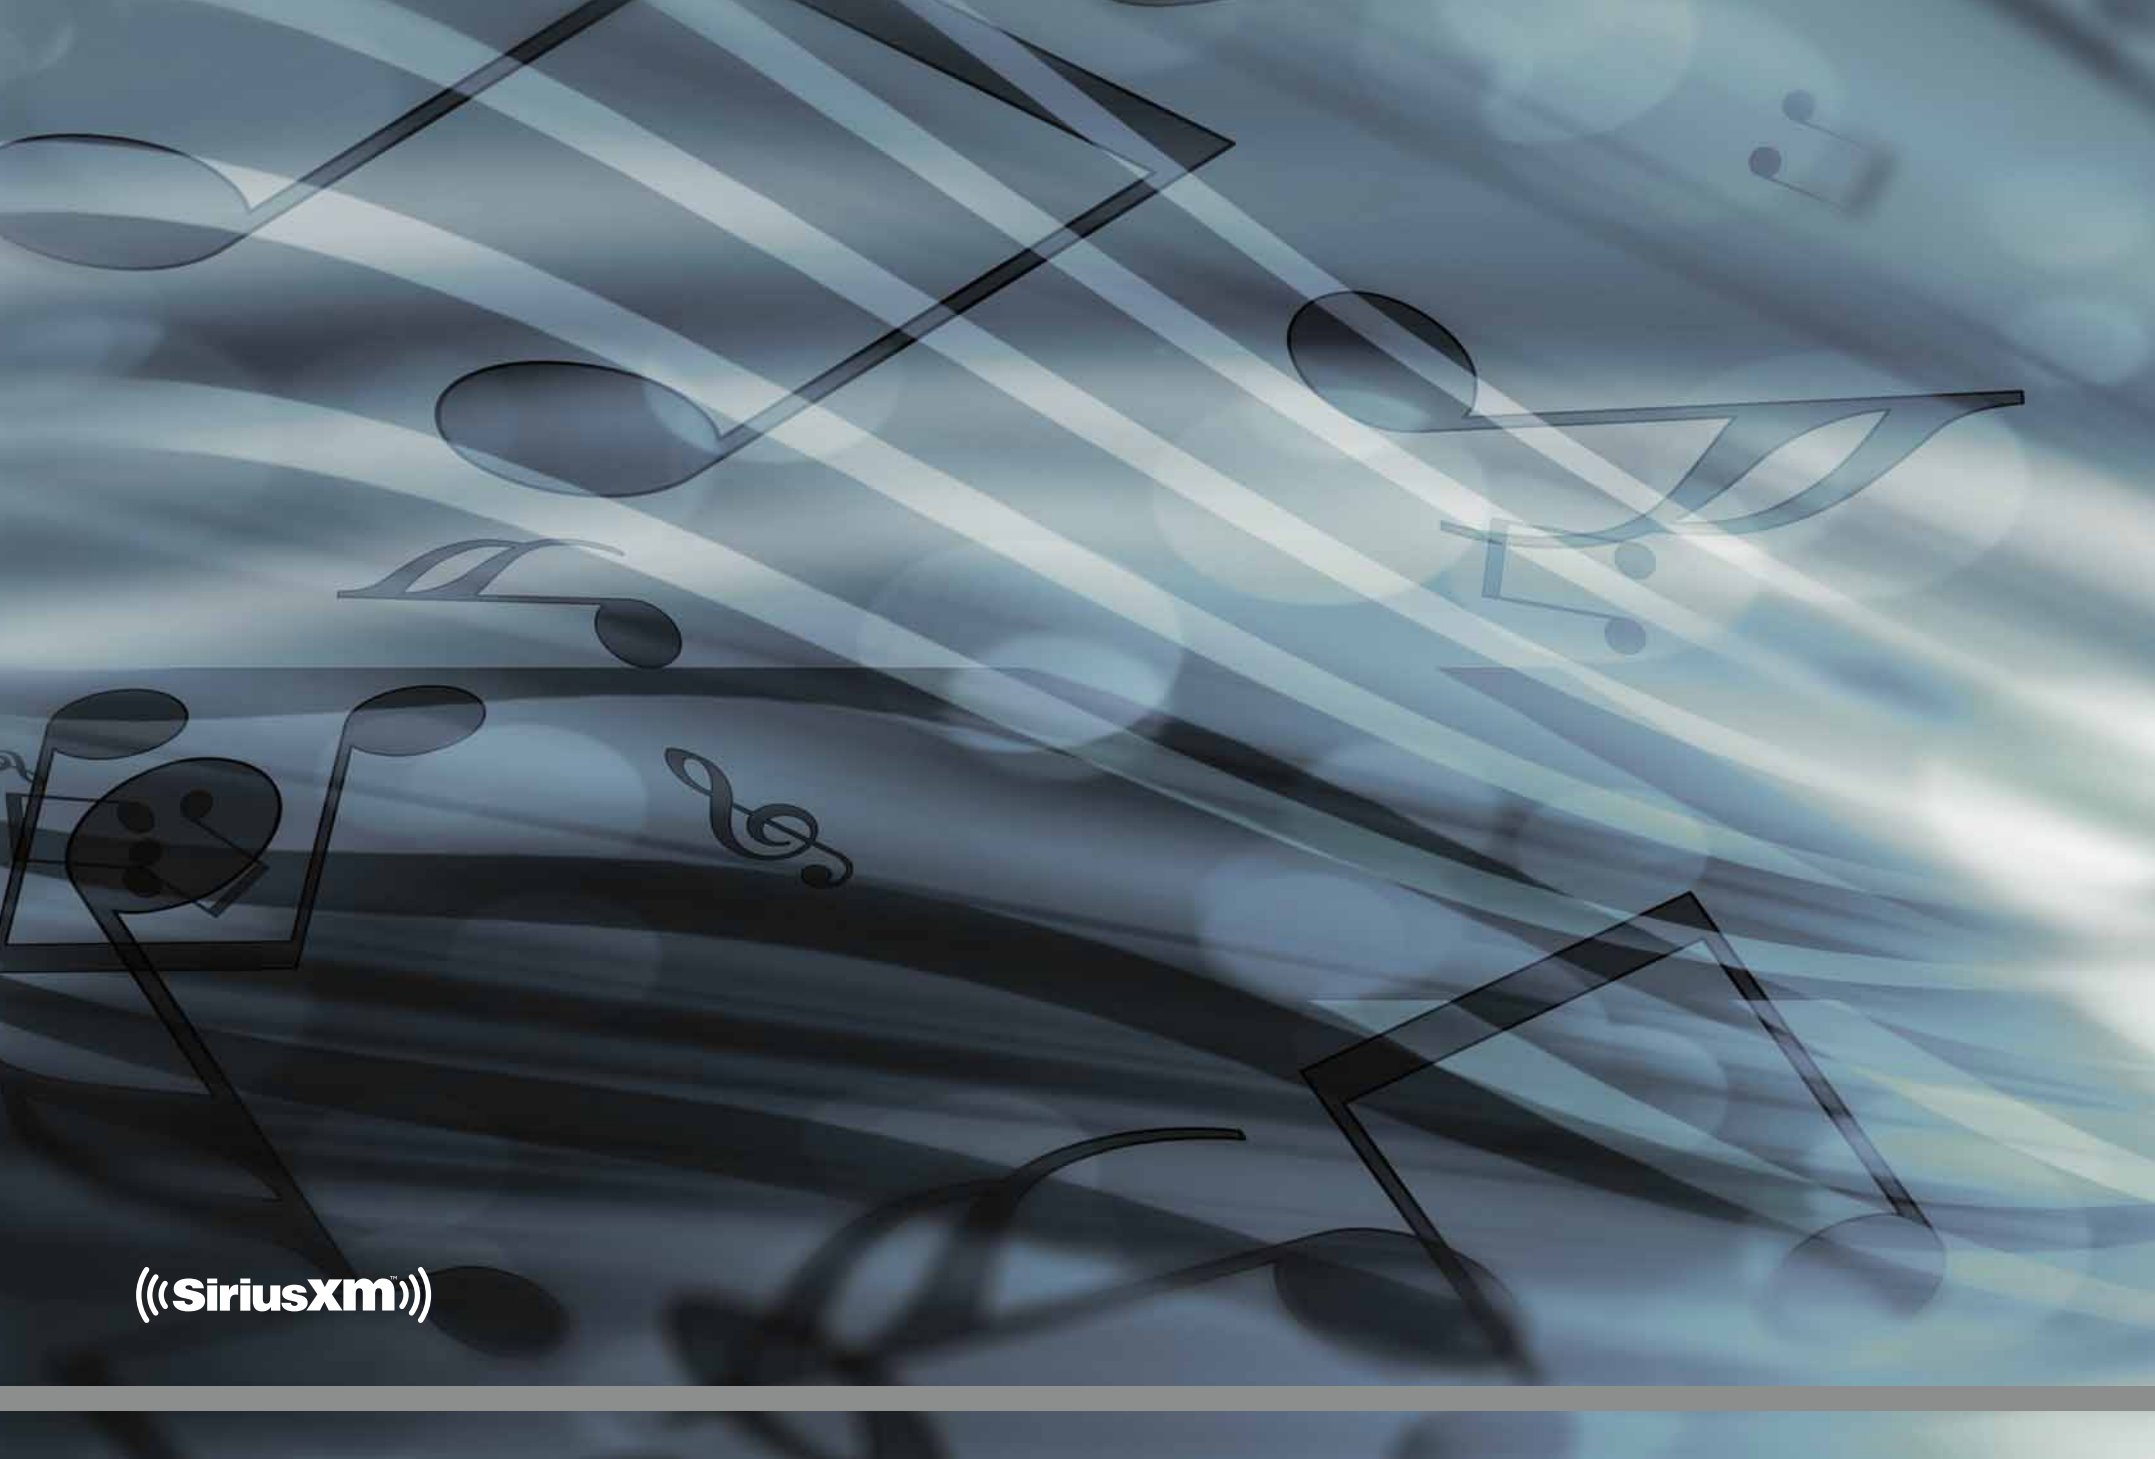

GL 350 BlueTEC 4MATIC™ interior shown in *designo* Porcelain.

Well appointed.

Spoil your passengers. With an innovative power EASY-ENTRY system granting easy access to the back row, they'll enjoy heated 2nd row rear seats¹ and breathtaking views under the wide panoramic sliding sunroof¹. Inside, three different interior ambient lighting settings – solar, polar or neutral – create an alluring ambience. And the EASY-PACK power tailgate makes stowing everyone's personal cargo effortless.

¹Included in the Premium Package on the GL 350 BlueTEC 4MATIC™ & the GL 450 4MATIC™. Standard on the GL 550 4MATIC™ & the GL 63 AMG.

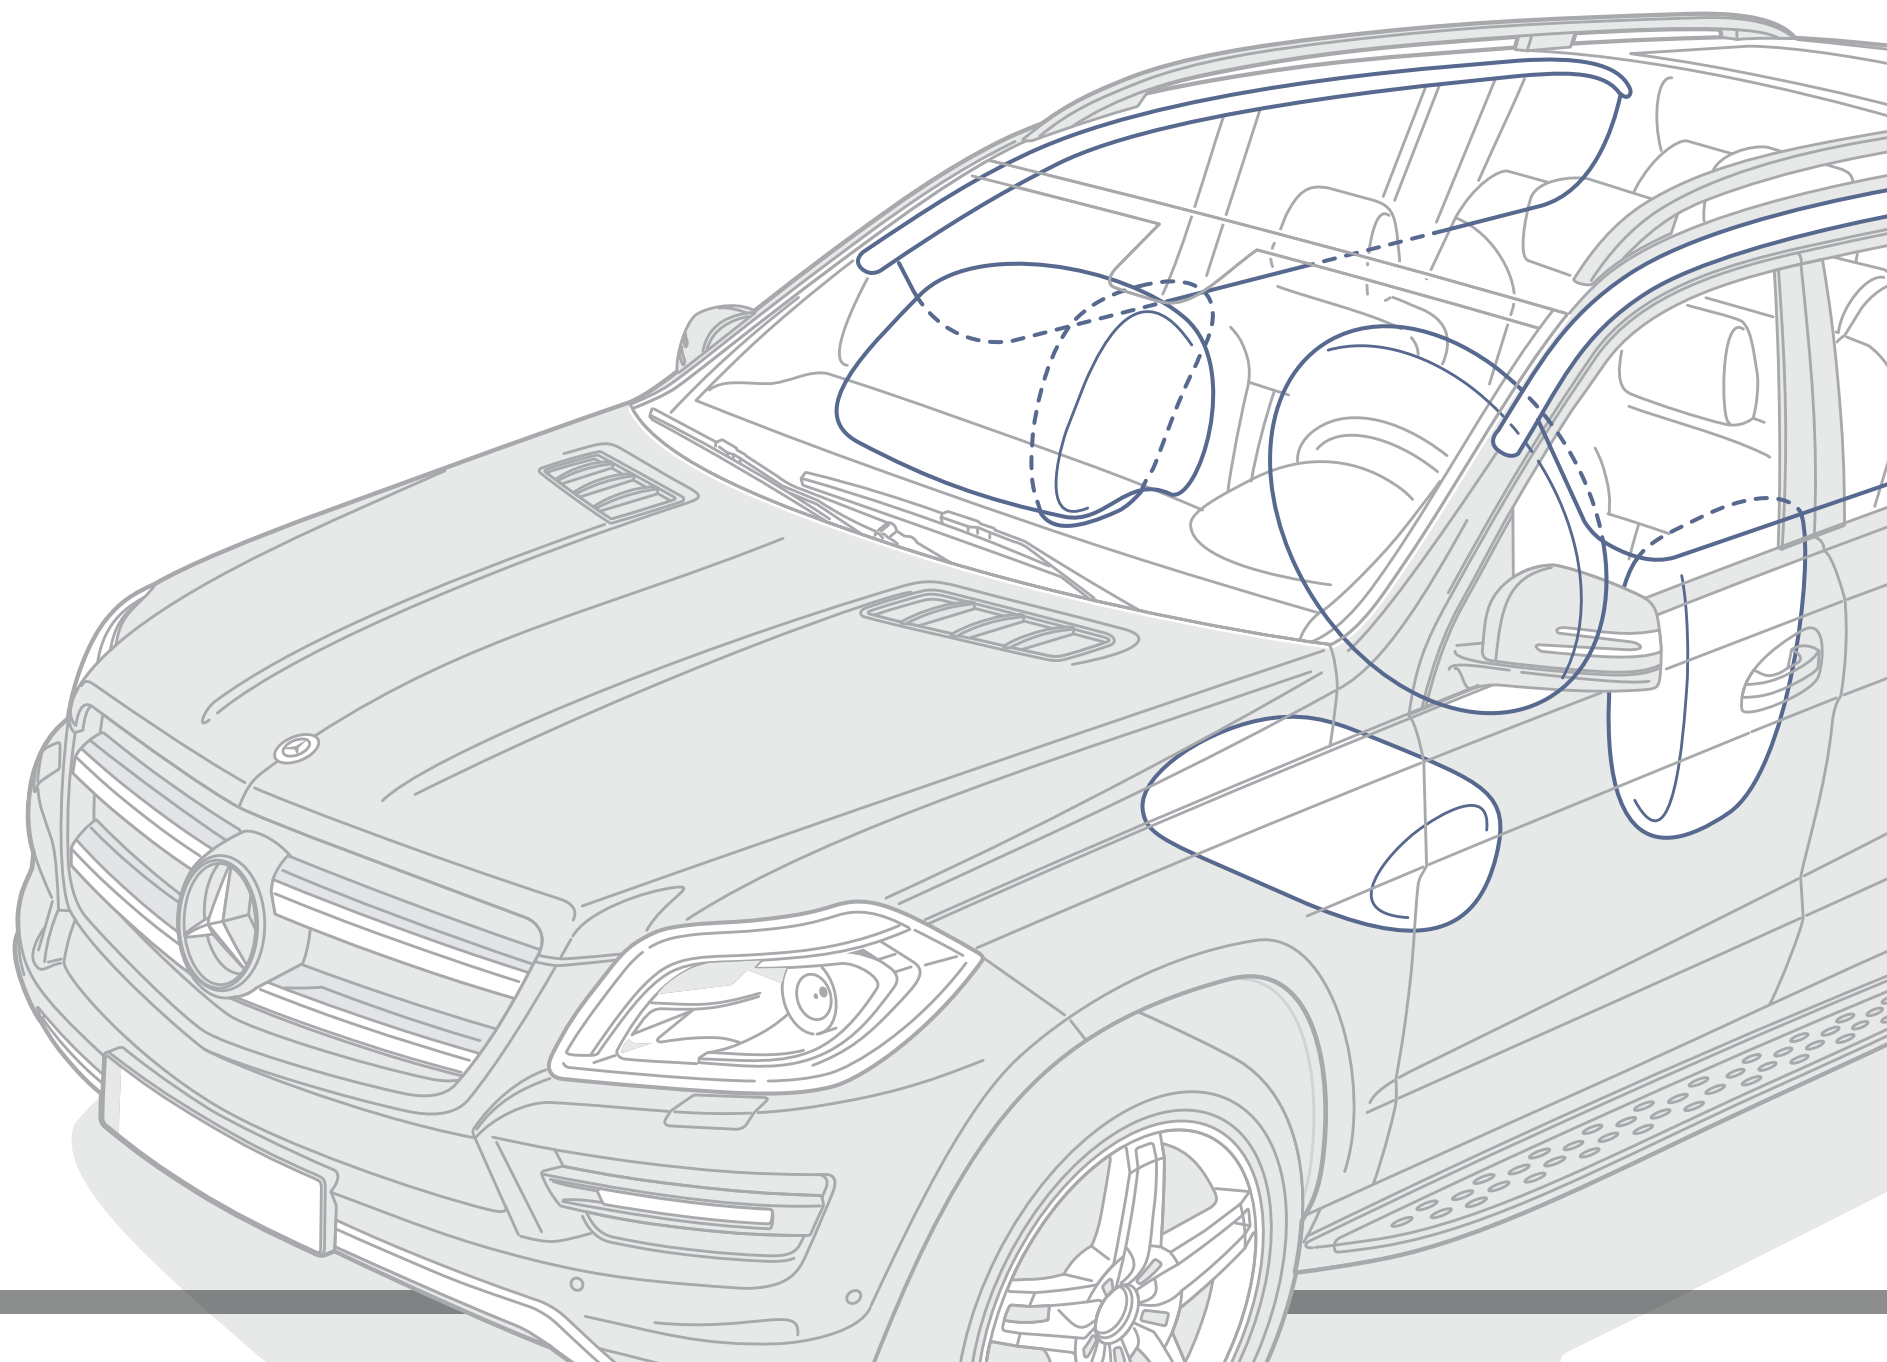

(((Siriusxm)))

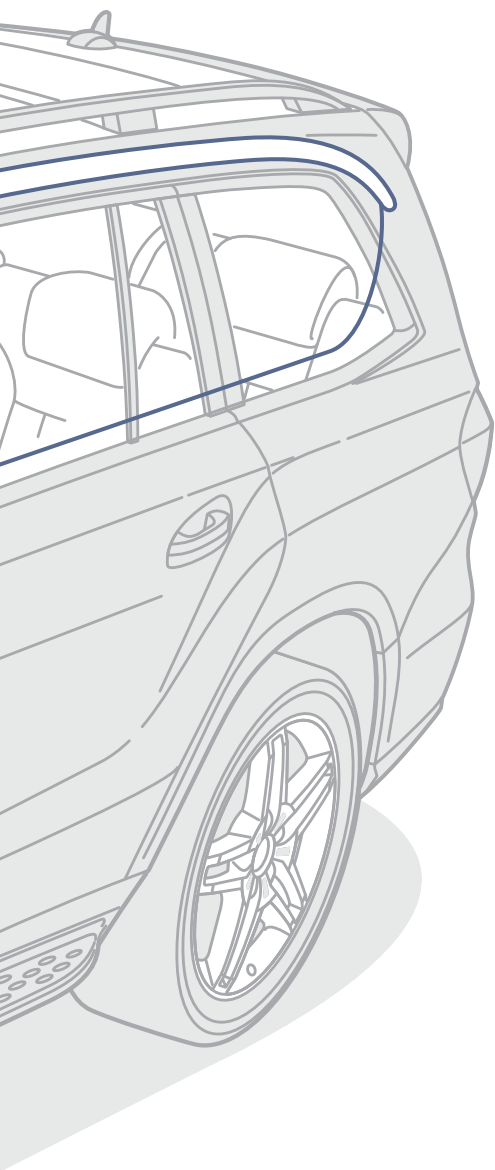

Performance enhancers.

In the 2015 GL-Class, impressive entertainment and communication systems enhance any trip. You can keep rear passengers immersed and entertained with the optional Rear Seat Entertainment System¹, featuring headsets, two 8" LCD screens, a DVD Player and remote control. Or you can entertain the whole cabin – with an 830W 14-speaker harman/kardon[®] LOGIC7[®] surround sound system². For an even richer sonic experience, the true audiophile can upgrade to the Bang & Olufsen Performance Surround Sound System¹, which pushes an impressive 1200W through 14 speakers.

¹Optional on all models. ²Included in the Premium Package on the GL 350 BlueTEC 4MATIC™ & the GL 450 4MATIC™. Standard on the GL 550 4MATIC™ and the GL 63 AMG.

Safety, first and foremost.

The Mercedes-Benz commitment to safety has never been more evident than in the 2015 GL-Class: standard Crosswind Assist limits the vehicle's lateral drift in gusty driving conditions; award-winning 4MATIC™ permanent all-wheel drive delivers optimal wheel traction regardless of road conditions; ATTENTION ASSIST analyzes driving style, recognizes changes that could indicate fatigue, and warns the driver; DISTRONIC PLUS¹ warns of potential collision by sending an audible alert. Should the driver fail to respond, PRE-SAFE® Brake¹ engages automatic braking to minimize the risk of impact. Standard COLLISION PREVENTION ASSIST with Adaptive Brake Assist ensures that the correct amount of braking pressure is applied in all emergency situations.

Innovation is as much a Mercedes-Benz hallmark as safety: in the GL-Class, standard Active Parking Assist both determines suitable parking spaces, and facilitates hands-free parking. Or under your control – at up to 18 km/h – PARKTRONIC will warn of any collision risks with visual and audible signals. Plus, the 360° camera gives you full awareness of your surroundings.

¹Available as part of Advanced Driving Assistance Package for the GL 350 BlueTEC 4MATIC™, the GL 450 4MATIC™ & the GL 550 4MATIC™. Standard on the GL 63 AMG.

Strong. Silent. Efficient.

The 2015 GL-Class delivers impressive power with modern efficiency. Take the GL 350 BlueTEC 4MATIC™, whose diesel engine – combined with the ECO Start/Stop function – delivers excellent fuel economy with minimal emissions. Or the GL 450 4MATIC™, with its mighty 3.0L Bi-turbo V6 engine which boasts 362 hp – or 429 hp on the GL 550 4MATIC™. Together with the smooth or sporty gear shifting afforded by the standard 7G-TRONIC PLUS Transmission, the GL-Class is where forward thinking meets forward moving.

The GL 63 AMG sports an even more powerful hand-built AMG 5.5L Bi-turbo V8 engine with 550 hp. High tech innovation – like direct injection, twin turbochargers, and air to water intercooling – means performance and efficiency like never before. The GL 63's AMG SPEEDSHIFT 7G-TRONIC PLUS transmission features three drive modes – “C” (Controlled Efficiency), “S” (Sport), and “M” (Manual), controlled by steering wheel-mounted gearshift paddles. Self-levelling AMG sports suspension keeps the ride height constant (and smooth) at all times. Working in tandem with AIRMATIC to optimize ride quality, the Adaptive Damping System⁴ allows a choice between Comfort and Sport suspension settings at the touch of a button. (‘Sport’ firming up the suspension for sporty drivers.) Taken together, these make the GL 63 AMG a dynamic performer that delivers greater handling safety – not to mention a pure adrenalin rush.

Available as a standalone option on the GL 350 BlueTEC 4MATIC™, GL 450 4MATIC™ and the GL 550 4MATIC™. ⁴Available as part of a standalone option on the GL 63 AMG.

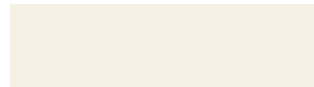

Dressed for the occasion.

The finishing touches can mean the difference between a work of art and a true masterpiece. Whichever colour you opt for, you've made the right choice. Because with a selection of paint finishes benefitting from an extra scratch-resistant clear coat, your GL-Class is less susceptible not only to scratches, but also to sunlight, temperature variations, dust and soot.
