

The 2015 Sprinter

Mercedes-Benz

Let's get to work.

It's been 118 years in the making. More than a century of sweat, steel, and know-how welded together to create a work van that works harder. A culmination of our experience, innovation, and passion. It is a tribute to everyone out there getting the job done. Every tradesman, craftsman, and artisan. Every business. This is the Sprinter – the working Mercedes-Benz.

Go further.

Every new Sprinter we introduce pushes efficiency, safety, functionality, and comfort further than ever before. And the 2015 Sprinter is no exception, offering a lineup of new features that can help take your business to new levels.

Super Ultra Low Emission Vehicle (SULEV)

The SULEV-certified diesel engine is the cleanest diesel engine in the world, making the Sprinter the leading “green” vehicle option available. By optimizing the combustion and exhaust systems, the available SULEV-certified engine option exceeds even the lowest emission standards.

Crosswind Assist¹

Crosswind Assist¹ helps drivers maintain control of their Sprinter in windy conditions by detecting strong wind gusts and correcting the vehicle's course using automatic braking intervention.

Enhanced Corrosion Protection

The Sprinter is built to last. Our advanced galvanizing process, electrophoretic immersion priming, and enhanced PVC seam sealing all work together to protect your Sprinter from the elements for years to come.

Introducing the Sprinter 4x4

We're breaking new ground by rolling out the only commercial van in Canada that offers a true 4x4 system – the Sprinter 4x4. This line of 4-wheel drive vehicles deliver the traction, stability, and control you need to get to any job, and back again. Available in early 2015.

ADAPTIVE ESP®² / 4ETS

With the push of a button, you can engage the Sprinter 4x4's 4ETS electronic traction system, instantly providing enhanced traction, lateral stability, and pulling power when you need it.

Minimum Weight Impact

The Sprinter 4x4's entire 4-wheel drive system only adds 123 kg (271 lbs) of vehicle weight, so you can get the traction you need without sacrificing payload capacity or fuel efficiency.

4x4 Low-range

When conditions go from bad to worse, the Sprinter 4x4 offers an optional low-gear differential to help navigate harsh winter conditions, steep grades, and difficult off-road terrain.

Higher Ride Height

Get up to 20% more ground clearance with an increased ride height: up to 10 cm (3.9 in) on the front axle, and up to 7.5 cm (3 in) on the rear axle.

Downhill Speed Regulation (DSR)

DSR is an available option that works with the system's "low-range" gear to slow the vehicle down to a set speed during tricky downhill grades.

Reinforced Stabilizers

Tougher conditions call for tougher equipment, which is why the Sprinter 4x4 comes with reinforced stabilizers on the front and rear axles.

The demands of the job.

New day. New challenges. Your Sprinter comes stacked with features that help you meet the demands of every job.

Efficiency

With its turbocharged BlueTEC diesel engine,³ a 30,000-kilometre maintenance interval, and now, the world's first SULEV-certified diesel engine, nothing works more efficiently than a Sprinter.

BlueTEC Diesel Engine³

At the heart of the Sprinter is a 2.1L 4-cylinder, 2-stage turbocharged BlueTEC diesel engine.³ And if the work calls for a heavier haul, the 3.0L 6-cylinder BlueTEC diesel engine³ is available to power you through.

4-cylinder, 7-speed Powertrain

With 161 hp and 265 lb-ft of torque, this 4-cylinder packs the power and performance you'd expect from a 6-cylinder, with far better fuel efficiency.

6-cylinder, 5-speed Powertrain

This option packs 188 hp and boasts 325 lb-ft of torque, but still competes as one of the cleanest, most fuel-efficient powertrains on the road today.

Comfort

Just because it's a work van, doesn't mean operating it has to be a chore. Get behind the wheel and you'll discover features like an ergonomically designed cab, easy-to-use control panel with 14.7 cm (5.8 in) colour screen, standard Bluetooth®, USB input, and 2 different seat options – comfort or suspension. With driving assistance features like PARKTRONIC working to make manoeuvring a breeze, we built the Sprinter to be a work van that's a pleasure to work with.

Functionality

The Sprinter is built for work – starting with an expansive cargo hold that boasts best-in-class payload, cargo volume, interior height, step-in height, and fuel efficiency. Add in the 270-degree rear door system, optional crew seating, and countless other features that make your life easier, and there's no denying it – the Sprinter means business.

Safety

With standard features like front airbags, wide-angle side mirrors, and tire pressure monitors, the Sprinter provides the peace of mind you deserve.

ADAPTIVE ESP®² with ESP® Trailer Assist

When the system detects wheelspin, understeer, or oversteer, brake force is automatically applied to the wheels and engine output is immediately adjusted to stabilize the vehicle.

COLLISION PREVENTION ASSIST⁴

Using a radar-based system, COLLISION PREVENTION ASSIST⁴ triggers a series of split-second actions in order to prevent rear-end collisions.

Blind Spot Assist⁵

This unique-to-Sprinter safety feature can detect hidden traffic on either side of the vehicle and will visually alert the driver if the turn signal is activated.

Sprinter 2500 Cargo Van

At up to 16.6 m³ (586.1 cu ft), the Sprinter 2500 Cargo Van gives you more cargo volume than any other van in its class. It's the van you call on when you need every centimetre of space you can get. And the Sprinter 2500 Cargo Van makes loading easy with a comfortable step-in height, low load height, and extra-wide front and rear door openings.

6 Available 2500 Cargo Van Models

2500 Standard Roof 144" WB
2500 High Roof 144" WB
2500 High Roof 170" WB
2500 High Roof 170" WB EXT
2500 Super High Roof 170" WB
2500 Super High Roof 170" WB EXT

Highlighted Features

- Best-In-Class Interior Height: Up to 214.1 cm (84.3 in)
- Best-In-Class Cargo Bed Length: Up to 469.9 cm (185 in)
- Best-In-Class Cargo Volume: Up to 16.6 m³ (586.1 cu ft)
- Payload Capacity: Up to 1,593 kg (3,513 lbs)
- Side Door Opening: Up to 182.1 cm (71.7 in) H x 130.1 cm (51.2 in) W
- Rear Door Opening: Up to 183.9 cm (72.4 in) H x 156.5 cm (61.6 in) W
- Partition Variants: Full, with window, with sliding window, or with sliding door
- Crew Van package available
- Maximum Available GVWR: 3.88 t (8,550 lbs)

3500 Super High Roof 170" WB EXT

Each model is available in GVWR 4.49 t (9,900 lbs) and 5 t (11,030 lbs).

Highlighted Features

- Best-In-Class Payload: Up to 2,498 kg (5,508 lbs)
- Best-In-Class Interior Height: Up to 214.1 cm (84.3 in)
- Best-In-Class Cargo Bed Length: Up to 469.9 cm (185 in)
- Best-In-Class Cargo Volume: Up to 14.6 m³ (516.5 cu ft)
- Side Door Opening: Up to 182.1 cm (71.7 in) H x 130.1 cm (51.2 in) W
- Rear Door Opening: Up to 183.9 cm (72.4 in) H x 156.5 cm (61.6 in) W
- Partition Variants: Full, with window, with sliding window, or with sliding door
- Available heavy-duty suspension packages
- Maximum Available GVWRs: 4.49 t (9,900 lbs) and 5 t (11,030 lbs)

Sprinter 3500 Cargo Van

This workhorse was made to carry the load. The dual-wheel Sprinter 3500 Cargo Van delivers a best-in-class payload up to 2,498 kg (5,508 lbs), as well as a best-in-class cargo volume up to 14.6 m³ (516.5 cu ft). Available in 2 GVWRs, 2 roof heights, and 3 cargo lengths, the Sprinter 3500 Cargo Van offers the right solution for any task.

Sprinter 2500 Passenger Van

For your shuttle, taxi, or touring business, nothing can match the comfort, safety, and efficiency of the Sprinter 2500 Passenger Van. With room for up to 12 people, best-in-class head room, and available electric sliding side step, you can offer your passengers first-class treatment. And with up to 5.4 m³ (190.3 cu ft) of cargo volume, you'll also have plenty of room for luggage and payload.

3 Available Passenger Van Models

2500 Standard Roof 144" WB
2500 High Roof 144" WB
2500 High Roof 170" WB

Highlighted Features

- Seating for up to 12 people
- 3- and 4-seater benches for the passenger compartment
- Cargo Volume: Up to 5.4 m³ (190.3 cu ft)
- Payload Capacity: Up to 1,319 kg (2,907 lbs)
- Maximum Interior Standing Height: Up to 194.1 cm (76.4 in)
- Step-in Height: As low as 50.5 cm (19.9 in)
- Auxiliary heater and rear air conditioning available (front air conditioning comes standard)

7 Available 4x4 Cargo Models

2500 Standard Roof 144" WB 4x4
2500 High Roof 144" WB 4x4
2500 High Roof 170" WB 4x4
2500 High Roof 170" WB EXT 4x4

3500 High Roof 144" WB 4x4
3500 High Roof 170" WB 4x4
3500 High Roof 170" WB EXT 4x4

3500 models are not available in GVWR 4.49 t (9,900 lbs) variant.

Highlighted Features

- Payload Capacity:
Up to 2,370 kg (5,226 lbs)
- Interior Height: Up to 194.1 cm (76.4 in)
- Cargo Volume: Up to 15 m³ (530 cu ft)

Sprinter 4x4 Cargo Van

From a job site that's off the beaten path, to a snow-covered delivery route, the Sprinter 4x4 Cargo Van is the best work van solution when the job demands more traction and control.

Sprinter 4x4 Passenger Van

Passenger safety is your top priority. Especially when you're venturing out in harsh conditions. The Sprinter 4x4 Passenger Van is the only commercial passenger van designed to navigate even the toughest weather.

3 Available 4x4 Passenger Models

2500 Standard Roof 144" WB 4x4

Highlighted Features

- Payload Capacity: Up to 1,190 kg (2,625 lbs)
- Interior Height: Up to 194.1 cm (76.4 in)
- Maximum Seating Capacity: Up to 12

2 Available Cab Chassis Models

3500 Standard Roof 144" WB
3500 Standard Roof 170" WB

Highlighted Features

- Maximum Available GVWR: 5 t (11,030 lbs)
- Payload Capacity: Up to 2,903 kg (6,401 lbs)
- Maximum Available GCWR: 6,917 kg (15,250 lbs)
- Cab To Axle: Up to 282.5 cm (111.2 in)
- Maximum Seating Capacity: 3

Sprinter 3500 Cab Chassis

Transform the Sprinter 3500 Cab Chassis into the solid work solution that meets the demands of your business. The Cab Chassis delivers power, quality, efficiency, safety, and the flexibility to do whatever you need it to do. From heavy-duty service bodies to refrigerated box trucks, this Sprinter is a blank canvas for you to create the ultimate work vehicle.

Built to your specs.

Equip your Sprinter to meet your business needs. Select from numerous accessory options, including sidewall and floor lashing rails, electrical connectors for body builders under the driver's seat, 4 different style partition walls, diesel-fuelled heater with programmable timer, 3 different interior trims, and various other add-ons. Your Mercedes-Benz dealer can provide you with a full line of accessories, so you get the most out of your work van.

* Special/Metallic paintwork is available as an option.

The 2015 Sprinter

Built to your standards, and ours.

The Mercedes-Benz Sprinter is built to meet the highest standards. It's what you've come to expect from us. And now, it's what you can expect from our growing network of Preferred Upfitters. Nothing gives you more flexibility than the Sprinter. Its expansive size and near-vertical walls make it a solid foundation to build the perfect workspace.

For even more customization, the unobstructed frame rails of the Sprinter Cab Chassis can handle any unique configuration you require. And when combined with the expert craftsmanship of a Mercedes-Benz Preferred Upfitter, there simply isn't a more versatile work van on the road.

Find a complete list of approved upfitters at TheSprinter.ca.

SPRINTER
PREFERRED UPFITTER >>>

Mercedes-Benz

Keep it moving.

Put the Sprinter to work, and we'll help make sure it stays there. Our Mercedes-Benz-trained technicians will ensure your van is properly serviced and ready to go. With the Sprinter Prepaid Maintenance program, we help ensure routine scheduled maintenance costs never catch you by surprise. Prepaying these costs locks them in, so as prices rise, your maintenance budget won't have to. And to make sure your Sprinter stays busy, we've backed it with some of the most comprehensive warranties in the business, including our Extended Limited Warranty.

Finance solutions that fit.

The Sprinter is the hardest-working van on the road. So it seems fitting that the professionals at Mercedes-Benz Financial Services work just as hard to find the right finance solution for you. If you're looking to lease or purchase, we offer a variety of products and solutions with flexible benefits and competitive rates tailored to your business.

BASIC LIMITED WARRANTY 3-YR/60,000-KM

Basic coverage for 3 years or 60,000 kilometres, whichever comes first. Excludes normal maintenance and wear items.

POWERTRAIN WARRANTY 5-YR/100,000-KM

Powertrain coverage for 5 years or 100,000 kilometres, whichever comes first.

DIESEL ENGINE LIMITED WARRANTY 5-YR/160,000-KM

Coverage for Turbo Diesel engines for 5 years or 160,000 kilometres, whichever comes first.

ROADSIDE ASSISTANCE 5-YR/100,000-KM

Roadside Assistance is available 24 hours a day, virtually anywhere in Canada or the continental United States.

¹ Caution: Crosswind Assist can only act within the laws of physics. If the driver exceeds the physical limits, even Crosswind Assist will not be able to prevent an accident. ² No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seatbelt. ³ Requires the use of ultra low sulfur diesel fuel. Mercedes-Benz Sprinters are approved to use B5 biodiesel (approved diesel fuel with a maximum 5% biodiesel content) in all BlueTEC engines. The only approved biodiesel content is one that both meets ASTM D6751 specifications and has the oxidation stability necessary to prevent deposit-/corrosion-related damages to the system (min. 6h, proven by EN 14112 method). Please see your service station for further information. If the B5 biodiesel blend does not clearly indicate that it meets the above standards, please do not use it. The Mercedes-Benz Sprinter New Vehicle Limited Warranty does not cover damage caused by non-Mercedes-Benz approved fuel standards. ⁴ COLLISION PREVENTION ASSIST may not be sufficient to avoid an accident. It does not react to certain stationary objects, nor recognize or predict the curvature and/or lane layout of the road or every movement of vehicles ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely. ⁵ Blind Spot Assist may not be sufficient to avoid all accidents involving vehicles in your blind spot and does not estimate the speed of approaching vehicles. It should not be used as a sole substitute for driver awareness and checking of surrounding traffic conditions. Not available on Cab Chassis.

© 2014 Mercedes-Benz Canada Inc. All illustrations and specifications contained in this brochure are based on the latest product information available at the time of publication. Actual product offerings may vary from those shown or may be subject to availability delays or discontinuance. Mercedes-Benz Canada reserves the right to make changes at any time, without notice, in colours, materials, equipment, specifications and models. Any variations in colours shown are due to reproduction variations of the printing process. Some vehicles may be shown with non-Canadian equipment. Some vehicles may be shown without side marker lights. Some vehicles are shown with optional equipment available at extra cost. Some optional equipment may not be available on all models. For current information regarding the range of models, standard features, optional equipment and/or colours available in Canada and their pricing, please contact your nearest authorized Mercedes-Benz dealer or visit TheSprinter.ca.
