Sustainable production.

The EQS SUV is produced in a CO₂-neutral manner at the Mercedes-Benz plant in Bibb County/Tuscaloosa, Alabama. In line with the Mercedes-Benz strategy of expanding renewable energy production at its plants, the Bibb County site's entire electricity needs will be met through renewable energy sources from 2024 onwards once planned solar energy projects gain approval.

Sustainable materials.

To ensure the responsible mining of cobalt, lithium and other battery raw materials, Mercedes-Benz has already made the IRMA Standard for Responsible Mining a contractual component for all future vehicle projects.

Sustainable mobility.

Locally emission-free driving pleasure, virtually silent with full access to inner city zones. All our EQ vehicles come as standard with an external acoustic warning to alert pedestrians or cyclists at speeds under 19 mph.

Mercedes me Charge - Green charging

To promote the use of electricity from renewable energies, Mercedes-Benz uses guarantees of origin to 'green' the charging process.

This ensures that an equivalent amount of electricity from renewable resources is fed into the grid to compensate for the charging of your EQS SUV.

All new EQS SUVs have Mercedes me Charge as standard and the Green Charging guarantee is included with this.

Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice, touch or gesture (where fitted) input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you
- MBUX is able to understand which individual seat the request has come from, and will therefore only respond to their specific request (e.g. adjusting the temperature for just the front passenger)

Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touch controls on the centre console, as well as touch control buttons on the steering wheel

Personalisation

- Turn the new EQS SUV into your very own Mercedes-Benz by personalising driving modes, radio stations, ambient lighting and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a charging station? Just ask your MBUX – it will tell you the answer

¹LINGUATRONIC off-board functions are currently only available for three years

ZYNC The future of in-car entertainment

Bridging the worlds of automotive, software and entertainment, ZYNC's premium in-car digital entertainment platform provides video streaming, on-demand content, interactive experiences, local video programming, sports, news, gaming and much more.

Consisting of:

- Mercedes-Benz channel providing promotional content and other key brand assets
- Movies featuring original tracks, dubbing and subtitles for 28 languages
- Over 1,500 hours of readily available content
- Over 8,000 hours of content by 2023
- Vehicle specific How-To video guides built in

With new content being added regularly, the entertainment programmes can be viewed on the central display.

The prerequisite for ZYNC is an active Mercedes me account with the MBUX Entertainment package, which is currently free of charge for one year from booking and can then be extended for a fee in the Mercedes me portal.

Mercedes me connect

Stay connected any time, anywhere.

Mercedes *me*

Mercedes me is a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Mercedes me lets you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service – Mercedes me connect helps to keep you and your car safe

Check your car's washer fluid level, tyre pressure and battery level from your phone so you'll be ready for every journey.

Infotainment – Online and Entertainment services from Mercedes me connect

Love music? Get a 3-month free subscription to Tidal when you connect your car.

Live Traffic Information, Parked Vehicle Locator and much more with Mercedes me connect

Forgot where you've parked? Parked Vehicle Locator¹ will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Mercedes-Benz Agent or visit the Mercedes me connect store at shop.mercedes-benz.com/en-gb/connect

Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock² you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

Mercedes-EQ specific services

Check your charging status on the go and programme your pre-entry climate control and charging settings remotely. The Mercedes-EQ specific navigation considers electrical range, topography and charging stations.

¹Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

²Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

DIGITAL LIGHT

High-definition headlamps with innovative features.

The new innovative DIGITAL LIGHT headlamps works like a projector with more than one million pixels per headlamp and responds with brilliant light to changing traffic, road or weather conditions. Its ULTRA RANGE Highbeam with 650 m makes you feel like driving at daylight.

Standard on all model lines

[Book a test drive](#)[Find your EQS SUV](#)[Find a Showroom](#)

Driving Assistance package Plus Cares for what matters.

Active Brake Assist

The new EQS SUV comes with standard ground-breaking innovations in safety, comfort and driving functions, to help you stay safe on the road.

Driving Assistance package Plus¹ (code P20) – designed and priced as a package
Standard on all model lines

Active Blind Spot Assist expanded with blind spot monitoring towards the front and side. Additional hazard indication of the blind spot warning system as well as exit warning function

Active Brake Assist with cross-traffic function now with turning manoeuvre function (responding to (among other things) crossing pedestrians when making a turn). Operating range on urban routes expanded to 74 mph (previously 44 mph)

Active Distance Assist DISTRONIC now responds to stationary road users to prevent collisions up to 80 mph (previously 37 mph)

Active Emergency Stop Assist: now able to assist in manual mode (previously on in DISTRONIC mode). Optional lane change by one lane (at 49 mph where no obstacles detected)

Active Evasive Steering Assist: now responds to cyclists and ends of tailbacks in addition to pedestrians. Operating range on urban routes expanded to 67 mph (previously 44 mph)

Active Lane Keeping Assist with enhanced comfort thanks to active steering intervention (instead of braking intervention) and additional hazard indication

Active Speed Limit Assist ensures detected speed limits are automatically adopted as the set speed for Active Distance Assist DISTRONIC

Active Traffic Sign Assist

Congestion emergency braking function

Exit warning function when hand moves towards the door handles

Extended automatic restart on motorways

Hazard display via ambience lighting

Increased availability and cornering performance on carriageways with **Active Steering Assist**, more stern warnings to put hands on the steering wheel with new capacitive steering wheel

PRE-SAFE® PLUS and Impulse Side with body-raising function: when a rear-end collision threatens, PRE-SAFE® PLUS can initiate preventive measures, including warning following traffic and locking the brakes on standstill

Route-based speed adjustment with end of traffic jam function and Active Stop-and-Go Assist adaption of speed before curves, roundabouts and junctions with end of traffic jam function

¹Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein

Benefits of driving Mercedes-EQ

MERCEDES-EQ

The EQS SUV is the first all-electric luxury SUV from Mercedes-EQ. With it, Mercedes-EQ is redefining this vehicle segment.

[Click here for more information](#)

Performance

Instant torque provides effortless driving pleasure.

No road fund licence

Mercedes-EQ vehicles have no local emissions – this means you pay no road tax.

Cleaner vehicle discount

Mercedes-EQ battery electric vehicles are congestion charge and ultra low emission zone charge exempt in London.

Business benefits

With 100% first-year capital allowances¹ and 2% BIK tax, electric cars offer significant benefits to businesses and employees.

Refinement

Acoustically optimised and a near-silent powertrain means that driving Mercedes-EQ provides a sensory experience of luxurious refinement. All our vehicles come as standard with an external acoustic warning to alert pedestrians or cyclists at speeds under 19 mph.

¹100% first-year capital allowances only apply to vehicles less than 50 g CO₂/km

EQS SUV

MERCEDES-EQ

Vehement power immediately from standstill: An electric motor at both the front and rear axle converts electrical into mechanical energy, and delivers impressive forward thrust. The intelligent operating strategy of the powertrain components supplies the power always wherever it is needed at the moment – efficiently and nearly silently.

EQS 450 4MATIC SUV

Battery electric vehicle, 360 hp/265 kW
Electric range 362–365 miles – WLTP

OTR from **£129,170**

EQS 580 4MATIC SUV

Battery electric vehicle, 544 hp/400 kW
Electric range 362–364 miles – WLTP

OTR from **£139,170**

Standard equipment

AC charging system rated at 22 kW

AIRMATIC air suspension

Charging cable for wallbox and public charging stations, Type 2 (Mode 3) – 5 metres

Charging socket

DC charging system rated at 200 kW

Pre-entry climate control

Radar-based recuperation

Technical details

Electric range² 362–365 miles

Charging time

Public Rapid charger (200 kW DC) 10–80%³ 31 mins

Wallbox (22 kW AC) 10–100%⁴ 5 hrs 30 mins

Home wallbox (7.4 kW AC) 10–100%⁴ 16 hrs 45 mins

Range power consumption, combined^{2,5} 212–210 Wh/km

Battery type (capacity) lithium-ion (108.4 kWh)

Capacity on-board charger 22 kW AC; 200 kW DC

Attention

Please be aware that external factors such as weather, gradient and ambient temperature amongst others can significantly impact range.

Please also note that internal factors such as driving style and climate control settings etc. can also significantly impact range.

Using the pre-entry climate control when plugged into a charge point will ensure the perfect ambience and ensure that your car is just how you like it, as well as making sure that your battery isn't used unnecessarily to heat/cool the vehicle (maximising range).

¹The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£780.00 incl. VAT), new vehicle registration fee (£55.00) and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price. ²Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP>. ³Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–80% charge using public rapid charging at 200 kW. ⁴Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wallbox (three-phase) or standard socket (single-phase). ⁵Specified voltage and current values refer to network infrastructure and can be limited by the vehicle.

Mercedes me Charge Features.

Mercedes *me*

Mercedes me Charge provides access to a multitude of public charging stations located in shopping centres, hotels or at motorway services. A smartphone app as well as the vehicle's navigation system show the precise location, current availability and price at the selected charging station.

Tens of thousands charging stations in the UK

Growing network of charging providers includes bp pulse the largest charging network in the UK. Customers also get six months free bp pulse membership which reduces the electricity price when charging.

¹Free for one year following activation of IONITY unlimited

Access to fast-charging stations

Enables customers to get access to charging stations of different providers with:

- Mercedes me app
- RFID card
- Mercedes-EQ Vehicle Head unit

Charging with IONITY

IONITY unlimited – free rapid charging for one year at all IONITY stations.¹

Green charging

All charging using Mercedes me Charge, will be retrospectively 'greened' by Mercedes-Benz. Please click [here](#) for more info.

Transparent and easy billing

One invoice charging processes for payment.

Easy access

Charging stations are displayed in Mercedes me app and in MBUX multimedia system.

No fees

Mercedes me Charge is standard with EQS SUV.

Charging settings and pre-entry climate control

Enjoy your feel-good temperature when you enter your vehicle. You can simply preheat or precool the interior by setting the temperature via the Mercedes me app. In addition, the current charge status can be retrieved at any time using the Mercedes me app.

Navigation with Electric Intelligence

Offering you the greatest possible planning security on the road. Many items of information, such as a fast and convenient route, current state of battery charge, weather data and charging infrastructure, are interlinked. A convenient and time-efficient route is then suggested to you, including charging stops if necessary.

Mercedes me Charge Tariffs.

For more transparency and predictability, enjoy numerous features tailored to your charging habits with the new Mercedes me Charge fixed-priced tariffs S, M and L. Owners of a new Mercedes-EQ model will be entitled to the Mercedes me Charge tariff L free of charge for the duration of 12 months.

Tariff L

Recommended for 'frequent drivers'

Choose our tariff L to benefit from the best fixed prices for public charging, including discounted rapid-charging at IONITY charging stations¹ as well as all Mercedes me Charge features. This tariff is recommended for frequent and long-distance drivers.

Consisting of:

- All Mercedes me Charge features
- Fixed prices per kWh (AC: £0.30/kWh; DC: £0.39/kWh)²
- IONITY rapid-charging stations discounted (£0.26/kWh)¹

Free of charge for the duration of 12 months. Thereafter: £16.20/month

Tariff M

Recommended for 'regular drivers'

Should you wish to downgrade your tariff package after 12 months but still want to benefit from fixed prices, discounted rapid-charging at IONITY charging stations and complete transparency, choose tariff M. This tariff is recommended for regular drivers.

Consisting of:

- All Mercedes me Charge features
- Fixed prices per kWh (AC: £0.35/kWh; DC: £0.45/kWh)²
- IONITY rapid-charging stations discounted (£0.45/kWh)

£4.90/month

Tariff S

Recommended for 'casual drivers'

Should you wish to downgrade your tariff package after 12 months, there is the option to go for tariff S, which still offers you all the Mercedes me Charge features based on flexible prices per kWh. This tariff is recommended for casual drivers.

Consisting of:

- All Mercedes me Charge features
- Flexible prices per kWh

£0/month

¹Free for one year following activation of IONITY unlimited ²Tariff rate excludes the BP Pulse charging network

Home charging with bp pulse Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a home charger. Charge your vehicle with the home charger up to 3x faster than using a standard domestic socket.

Home charging with bp pulse: £999* incl. VAT and standard installation

Key benefits of bp pulse:

bp pulse is one of the only full-service charging solution providers in the UK – producing and installing tens of thousands of their own smart-enabled and reliable Homecharge units across the country.

A comprehensive 3 year warranty.

The standard installation package includes up to 15m of external cabling.

It comes with a bundled offer of 3 month free subscription to the public network and 250 free miles of charge.

The bp pulse home unit is designed from the ground up to be user friendly, future proofed and feature packed with an exciting roadmap of over the air updates ahead.

The bp pulse public network consists of over 9,000 charging bays across the UK with the best rates on a subscription basis.

Choice of tethered or un-tethered units.

OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger.¹ To find out whether you are entitled please contact your local Mercedes-Benz Agent.

Questions?

Please contact your local Mercedes-Benz Agent to submit an enquiry to your chosen charging partner on your behalf. To find your local Mercedes-Benz Agent, please click the button at the top right hand corner.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change

¹The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). For full details and eligibility criteria for the OZEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>.

--------	----------------	------------	--------	-------------	-------------	------------	--------------	-----------------	--------------------	---------------------	----------------	------------------------

Home charging with Pod Point Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a home charger. Charge your vehicle with the home charger up to 3x faster than using a standard domestic socket.

Home charging with Pod Point: £875* incl. VAT and standard installation

Key benefits of Pod Point:

Pod Point is one of the leading provider of EV charging in the UK with over 120,000 home chargepoints installed.

A comprehensive 3 year 'swap out' warranty is included.

Auto Power Balancing lets you adjust your charge so that your electrical supply doesn't get overloaded when your home is using a lot of energy.

Built-in earthing protection removes the needs for expensive earth rods.

The Pod Point public network consists of over 6,200 charging bays across the UK with over 80% of the charge points free to use.

The standard installation package includes up to 15m of external cabling.

Choice of tethered or un-tethered units.

OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger.¹ To find out whether you are entitled please contact your local Mercedes-Benz Agent.

Questions?

Please contact your local Mercedes-Benz Agent to submit an enquiry to your chosen charging partner on your behalf. To find your local Mercedes-Benz Agent, please click the button at the top right hand corner.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change

¹The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). ¹The indicated values were determined according to the prescribed measurement method – Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. Battery Electric Vehicles (BEV) require mains electricity for charging, range figures determined with the battery fully charged. ^{*}Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP> ²A different first year rate of Vehicle Excise Duty (Road Fund Licence) applies for new cars. Please refer to page 42 for the relevant rate for the second and subsequent years ³The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£780.00 incl. VAT), new vehicle registration fee (£55.00) and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price

Hyperscreen package

Enhance your interior with an impressive design feature. As if cast from a single mould, 3 displays seamlessly blend together beneath a glass panel to create one large MBUX hyperscreen. Brilliant OLED technology enhances your display comfort, while the haptic feedback helps to simplify input on the touchscreen.

Hyperscreen package (code PAG) – designed and priced as a package.

EQS 450 4MATIC AMG Line Premium Plus SUV only

Total incl. VAT £7,995.00

Standard on all other model lines and engines

Consisting of:

17.7-inch central display and a 12.3-inch passenger display

Augmented navigation head-up display – this head-up display projects visual information into your field of vision without distracting you. For example, large direction arrows float above a junction where you need to make a turn. You immediately know what needs to be done

Fingerprint scanner

OLED high-end screens are right next to each other, with minimal space in between to give the impression that this is one large screen

Standard equipment

● Standard – Not available

Battery and Charging

	AMG Line Premium Plus	Business Class
22 kW on-board charger	●	●
108.4 kWh battery	●	●
200 kW on-board charger	●	●
CCS-2 connector (DC charging with combined charging system, compatible with AC and DC)	●	●
Charging cable – Mode 3 cable (5 metres), Type 2, enables you to charge the vehicle battery via the wallbox or at public charging stations	●	●
IONITY unlimited – free rapid charging for one year at all IONITY stations	●	●
Mercedes me Charge – fully integrated access to a host of public charging stations. A single contract covers all billing. One-time registration and activation as part of Mercedes me connect. Use via app, MBUX multimedia system or RFID card	●	●

Steering, Transmission and Suspension

AIRMATIC air suspension struts with integrated adaptive damping system at the front and rear axle – automatic level control system, depending on load: load detection for a constant suspension level. Suspension level can be raised for rough roads and is automatically lowered at high speeds, MBUX can remember these actions and suggest them when arriving at the same location. At the touch of a button, you can also extend the ground clearance by up to 25 mm	●	●
DYNAMIC SELECT – four different drive programs: ECO, COMFORT, SPORT and OFF-ROAD drive programs with the ability to save an INDIVIDUAL program, five recuperation levels: D Auto (ECO Assist, standard setting), D + (coasting), D (low recuperation), D - (medium recuperation), D - - (high recuperation)	●	●
Steering – 10° rear axle steering	●	●

Exterior

Acoustic Comfort package – for an extraordinarily calm vehicle interior: special glass membranes, reinforced felts and additional insulation effectively help to reduce disruptive exterior noise	●	●
Aluminium-look, illuminated running boards with rubber studs	●	●
AMG exterior styling	●	●
Headlamps – DIGITAL LIGHT	●	●
Heat-insulating, noise-insulating and infrared-reflecting laminated glass	●	●
Heated windscreen washer system	●	●
Mirror package – electrically folding exterior mirrors, automatically dimming interior and exterior driver mirror, surround lighting in both outside mirrors with brand logo projection to illuminate the entrance area	●	●
Panoramic sliding sunroof	●	●
Privacy glass – dark tinted rear and rear side windows	●	●
Radiator grille with Mercedes-Benz star pattern	●	●

Wheels

21" AMG alloy wheels – multi-spoke design, aerodynamically optimised, painted black with a high-sheen finish, 265/40 R21 tyres (code RWX)	●	●
Summer tyres	●	●

Standard equipment

● Standard – Not available

Safety and Assistance Systems

	AMG Line Premium Plus	Business Class
Driving Assistance package Plus ¹ (please refer to page 15 for full details)	●	●
EASY-PACK tailgate	●	●
KEYLESS-GO Comfort package	●	●
Mercedes-Benz emergency call system	●	●
Parking package with Active Parking Assist and 360° camera	●	●
Tirefit	●	●
GUARD 360° vehicle protection Plus – with anti-theft protection hardware including alarm and immobilizer. Theft notification and park damage detection ² , stolen vehicle locator ² , 360° surroundview-camera snapshots ² and remote key immobilizer ²	●	●

Communications and In-Car Entertainment

	AMG Line Premium Plus	Business Class
12.3-inch digital instrument cluster display	●	●
12.8-inch media display (EQS 450 4MATIC SUV only)	●	–
Digital radio	●	●
EQ navigation services – navigation optimised for Mercedes-EQ, range on map (range display), display of charging stations (info on availability, programming of charging settings and Pre-Entry Climate Control incl. remote retrieval of charging status and range)	●	●
Fingerprint scanner – colour-illuminated fingerprint scanner in the trim strip below the OLED media display, two fingerprints per user can be stored, quick access replaces PIN entry, protects personal data such as profiles plus office and payment functions	●	●

	AMG Line Premium Plus	Business Class
Hard-disc navigation	●	●
Head-up display (EQS 450 4MATIC SUV only)	●	–
Head-up display – Augmented head-up display (optional on EQS 450 4MATIC AMG Line Premium Plus SUV)	●	●
Hyperscreen package (optional on EQS 450 4MATIC AMG Line Premium Plus SUV)	●	●
Live traffic information – 3 years	●	●
MBUX high-end rear seat entertainment system	–	●
MBUX Interior Assistant (front)	●	●
MBUX Interior Assistant (rear)	–	●
MBUX rear tablet	–	●
Pre-entry climate control	●	●
Pre-installation for Car Sharing	●	●
Smartphone integration ³	●	●
Sound personalisation	●	●
Sound system – Burmester® 3D surround sound system	●	●
TV receiver	–	●
USB package – six fast charging USB-C ports including four compatible for data transfer	●	●
Wireless charging ³ for mobile devices (front)	●	●
Wireless charging ³ for mobile devices (rear)	–	●

¹Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein

²Free of charge for three years from activation

³Compatible mobile phone required. For further details please visit <https://www.mercedes-benz-mobile.com/>

[Book a test drive](#)[Find your EQS SUV](#)[Find a Showroom](#)

Standard equipment

● Standard – Not available

Services

Geofencing – available to use free of charge for three years following activation¹, denotes a specific area and notifies via push message when the vehicle leaves or enters this area

Mercedes me services

Parked vehicle locator – available to use free of charge for three years following activation¹, shows the position of the parked vehicle in a radius of approx. 1.5 km

Personalisation – available to use free of charge for three years following activation¹, stores settings such as the radio station or navigation destination in the personal driver profile and enables these to be used in vehicles with the same telematics generation, the profile can be linked to the key, and the functions can therefore already be activated before getting in

Programming of auxiliary heater/ventilation

Remote door locking and unlocking – available to use free of charge for three years following activation¹, provides convenient remote monitoring

Remote retrieval of vehicle status¹ – shows mileage, tyre pressure, washer fluid level, etc.

Remote vehicle finder – available to use free of charge for three years following activation¹ indicators activated via the app help to draw attention to the vehicle, for example in large, confusing car parks

Sliding sunroof/windows with remote closing and opening including ventilation function to use free of charge for three years following activation¹ for a breath of fresh air in the vehicle available

Send2Car function – available to use free of charge for three years following activation¹, sends selected addresses via the app to the vehicle's navigation system, for example POIs or restaurants

AMG Line Premium Plus
Business Class

Speedfencing

Stolen Vehicle Help (free of charge for 3 years from activation) – this service reduces the bureaucratic effort required and gives you an advantage in terms of time. In the event of theft, you can report it to the police. You can transfer the police file number (depending on country) plus the relevant vehicle and owner information quite simply via app to our certified partner's security centre. This centre will then coordinate with the local police station to track your vehicle

Valet protect – available to use free of charge for 3 years following activation¹ notifies via the app when the ignition is switched on/off and when the vehicle moves outside a defined radius (1 km, 2.5 km or 5 km)

Vehicle Tracking

AMG Line Premium Plus
Business Class

¹To use this service, you must register on the Mercedes me portal and also accept the Terms of Use for the Mercedes me connect services. In addition, the respective vehicle must be paired with the user account. Upon expiry of the initial term, the services can be extended for a fee. Initial activation of the services is possible within 1 year of first registration or commissioning by the customer, whichever occurs first

--------	----------------	------------	--------	-------------	-------------	------------	--------------	-----------------	--------------------	---------------------	----------------	------------------------

Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your EQS SUV.

DUO plus child seat, with ISOFIX

Safe and secure: children between the ages of 9 months and 4 years (weight 9 to 18 kg) will enjoy travelling in the DUO plus child seat from Mercedes-Benz. The seat offers optimum protection in the event of an accident. A quick change of position: sitting, reclining and sleeping positions are adjustable with one simple manoeuvre. (A0009704302)

KIDFIX XP child seat, with ISOFIX

Support and safety for older children too: The KIDFIX XP child seat is suitable for children between the ages of 4 to 12 years (body weight of 15–36 kg). It is securely attached to the vehicle using ISOFIX. The front-facing seat can also be secured in place using the 3-point seat belt. (A0009704902)

Velour floor mats, classic

Our Mercedes-Benz floor mats have to undergo rigorous testing before they are deemed worthy of the star logo. Long durability, fade-resistant colour and a neutral odour, even after three winters of use, are all specifications which must be met without compromise. The mats are precision-tailored to your Mercedes-Benz. They are clip-fastened to the floor of the vehicle to prevent slipping. (Five piece set: A29668001069J74) (Three piece set: A29668099059J74)

Precision fit reversible mat

Better safe than sorry: the double sided, non-slip mat from Mercedes-Benz helps keep the floor of the boot/load compartment clean and dry. 100% hardwearing polyester. And if anything does get spilt the reversible mat is easy to clean using warm water. (Five-seater: A2966805405) (Seven-seater: A2966809705)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Authorised Repairer for more information

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price.
¹Applies to all Mercedes-Benz diesel models which do not comply with RDE (Real Driving Emissions) Step 2 Certified (Euro 6d)
²Premium rate only applicable to vehicles where the list price is over £40,000 including any factory-fitted options, standard UK delivery charge and VAT

Services and insurance

Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your EQS SUV, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz.

With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation.

You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

[Click here for more information](#)

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects¹ and up to 30 years warranty against perforation due to corrosion from the inside out.² What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.²

Battery Warranty

The battery comes with a 10-year 155,000-mile warranty.³

Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover.⁴ It gives you 7 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[Apply for First Cover](#)

¹Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Mercedes-Benz Agents
apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance

²Subject to full Terms and Conditions, dependent on date of registration, available upon request

³Cars that hold a Hackney carriage vehicle licence (Taxicab) and/or Taxi Operator licence issued by a local authority, come with a 3-year 155,000-mile battery warranty

⁴Terms and Conditions

Effective from March 2023 Production. Information correct at time of publication 03.11.2022.
Prices and specifications are subject to change without prior notice.
